ANNEXURE

PERFORMANCE BANK GUARANTEE FORMAT

In consideration of ....... (the Purchaser's name and address) (herein after called as Company) we, .......................................................... Bank executed this Performance Guarantee Bond as surety to the cost of .......................................................... supplied by .......................................................... (hereinafter called as the Supplier) as per the Purchase Order no. ........................................ dated, .............. of the Company.

1. At the instance of failure by the Supplier to perform to the satisfaction of the Company, up to................. or before the expiry of this guarantee, or within the agreed period whichever is earlier, we.......................... Bank hereby undertake to pay to ............ (The Purchaser's name and address) an amount not exceeding Rs. .......................... (10% of total purchase order value).

2. We.......................... Bank agrees to pay for the value up to a limit of Rs. ................. and interest thereon from the date of notice till the date of payment at .... % per annum without any demur, merely on a demand notice from the Company stating that the Company has suffered loss due to non-performance of the equipment supplied by the Supplier. Any such demand made on the bank shall be conclusive as regards the amount due and payable by the bank under this guarantee.

3. We undertake to pay to the Company any money as demanded notwithstanding any dispute or disputes raised by the Supplier in any suit or proceedings pending before any court or tribunal relating thereto our liability under this guarantee being absolute and unequivocal. The payment so made by us under this bond shall be a valid discharge of our liability for payment there under and the Supplier shall have no claim against us for making such payment.

4. We.......................... Bank, further agree with the Company that the Company shall have the fullest liberty without our consent and without affecting in any manner, our obligation hereunder to vary any of the terms and conditions of the said agreement or to extend time of performance by the said Supplier from time to time or to postpone for any time or from time to time any of the powers exercisable by the Company against the Supplier and to forbear or enforce of the terms and conditions relating to the said Purchase Order and we shall not be relieved from our liability by reason of any such variation or extension being granted to the said supplier or for any forbearance act or omission on the part of the Company or any indulgence by the Company to the Supplier or by any such manner or thing whatsoever, which, under the law relating to sureties would, but for this provision, have effect of so relieving us.

5. This guarantee will not be discharged due to the change in the constitution of the Bank or the Supplier.

6. We.......................... Bank, further agrees that the guarantee herein contained shall remain in force till................. We.......................... Bank undertake not to revoke this guarantee during its currency except with the previous consent of the Company by writing.

Dated the.............day.............

ESD SAFE INSPECTION TABLE – SINGLE TIER

1. Extruded Aluminium multi section frame (dismantling type) with 90mm x 48mm vertical sections and 65mm x 23mm horizontal sections having thickness 2mm the frame sections are coated with conductive powder coating having surface resistance of 1 kilo ohms to less than 100 mega ohms. Powder coated MS closing plates required for end frames.

Overall dimensions: 1500 mm (L) x 750mm (D) x 750mm (H). Power panel height extra (150mm) over and above 750mm.

Provide 30mm dia through holes for all vertical frame for continues cable routing table to table.(power and network race way positions).

2. ESD post formed table top with notching – MDF Board of size 1500mm x 750 mm (depth) at 750mm height from ground. The table top thickness should be 25mm. should have proper grounding provision. With 2 nos. grommet holes with closing caps. The colour of ESD post formed laminate tops is silver gray. The surface to ground resistance of the ESD post formed table tops should be greater than 100 kilo ohms and less than 5 mega ohms. Surface Resistivity should be greater than 100 kilo ohms/sq. and less than 25 mega ohms/sq. The ESD post forming laminates used should have buried conductive layer. The measurements of surface resistivity and surface to ground resistance should be as per ANSI / ESD 4.1 and ANSI /ESD STM 11.11 standards.

3. Electrical power panel Conductive powder coated which is inclined at 45 degrees to the main table top located at back along the length 150cms. The power panel should consist of following items with ISI standards:
   a. 5/15 A Socket Anchor Penta – 01 No.
   b. 5/15 A Switch Anchor Penta – 01 No.
   c. 16A Single Pole MCB Schneider make or Equivalent – 01 No.
   d. Power Indicator Anchor Penta – 01 No.
   e. 6 Modular Plate Anchor Roma – 04 Nos. Each modular plate 5/15A Sockets 2 Nos. + 1 Switch + 1 No. Dummy closing plate.
   f. 5 mtr length standard 2.5 sq. mm 3 core mains chord/table (without 15 AMP top plug).

4. MS Conductive Power Coated standard footrest with ESD Mat pasted on top side – 01 No.

5. Having MS conductive powder coated drawer on right hand side. With 3 Nos. equal size drawers. 1.2mm thick CRCA sheet with universal locking facility. Size: 400mm (W) x 600mm (D) x 510mm (H). As shown in the diagram.

6. Provide leveling screws 5nos.

7. Conductive powder coated MS height adjustable power race way with 2 AMP make knock off type cut outs – 01. (below the table top).

8. Normal black color powder coated MS fixed CPU holder – 01 no.

9. MS sliding Keyboard Tray with Mouse Pad – Innofit make or Equivalent – 01 No.

10. ESD default accessories required:-Common point ground of 4 pins-2 nos. warning labels, grounding cords to be supplied and wrist straps 2 nos,

11. The workstation should be sturdy and capable of taking 200 kgs. weight.

12. The Supplier shall test the ESD tables and provide certificate by an ESD Engineer after installation.
