

All comprehensive Services including Software/Firmware/Licences/Upgrades/Updates and Hardware if (any) at the SoC or at End Point(s), including but not limiting to following in order to launch the bouquet of services as per the SoW.		Financial Quotes for the SoC Service, per End Point			
		Up to 500 End Points	>500<1000 End Points	>1,000<3,000 End Points	>3,000 End Points
A.	Variable as per the Quantum of EPs	Rupees (In Words and Figures)			
(i)	Identity & Access Management as a Service.				
(ii)	Network Access Control as a Service.				
(iii)	E-mail Security as a Service.				
(iv)	End Point Detection as a Service (EDR).				
(v)	Data loss prevention (DLP) as a Service.				
B.	One time for the Ultimate Quantum of EPs	Rupees (In Words and Figures)			
(i)	Firewall with DDoS as a Service.				
(ii)	Security Information and Event Management (SIEM) as a Service.				
(iii)	Vulnerability and Penetration Testing (VAPT) as a Service includes Appscan.				
(iv)	Analytics as a service includes UEBA.				
C.	Variable based on Number of EPs & Customers	Percentage (In word & Figures)			

(i).	%age Revenue Share from the billed revenue to the customers.				
D.	Variable as per the Quantum of EPs	Rupees (In Words and Figures)			
(i).	Operation and Maintenance services per Annum.				

Quotes, after applying Weightage Multipliers:

$$A = [a1*0.5+a2*0.3+a3*0.12+a4*0.08] \quad B = [b*1.0] \quad C = [\{ (A+B) * 0.04 \}] * [c/100].$$

$$D = [d1*0.5+d2*0.3+d3*0.12+d4*0.08]$$

$$\text{Overall, Assessed Quote for evaluating L1 Bidder: } [A+B+C+D]$$
