## PRICE BID

Reference No: ITI/COR/PP/RFP/DMR/01

**Request for Proposal (RFP)  
For the Selection of  
Digital Microwave Radio (DMR) Technology Partner**

Name of the Bidder

OFFERED NET MARGIN (NET OF TAX) TO ITI

Description of the job	Microwave Radio Technology Provider MTP Percentage Margin Quote to ITI (in percentage figure)	Microwave Radio Technology Provider MTP Percentage Margin Quote to ITI (in percentage words)
Percentage Margin on the Sale Price of the Microwave Radio System, Sold by ITI under Finished product/Completely Built unit(CBU) mode, excluding taxes (%)		

1. Microwave Radio system technology provider, providing highest total percentage margin to ITI shall be preferred.

2. As per Govt. procurement policy for Micro and small Enterprises, 2012 (amended 2018 and 2021), Startups( MSE's or otherwise) may be given relaxation in prior turnover and prior experience criteria during tender process, subject to meeting of Quality and Technical Specifications. Micro and Small Enterprise are eligible for supply up to 25% of the total procurement to be distributed among these bidders.

Remaining quantity will be allocated as below,

ITI plans to select two technology partners with work allocation of 60% to M1 and 40% to M2 at the highest margin (M1) rate. M1 is the highest and M2 is the Second highest margin calculated as per the quoted margins under CBU model by the bidders. Second technology partner should agree to supply CBU quantity on M1 rate, else his portion of the order will be given to the third technology partner and so on.
