Reference ID: RFT-P-4/Turukew Project/PC(C-Egypt)/1123/BSF/2025/

Date: 09/03/2025

On behalf of the President of India, DG BSF invites an online Limited Tender from Government Agencies BSNL/MTNL, Telecommunications Consultants India Limited (TCIL), Indian Telephone Industries Limited (ITI), Bharat Electronics Limited (BEL) Electronics Corporation of India Limited (ECIL), RailTel Corporation of India Limited, Power Grid Corporation of India Limited(PGCIL), Engineering Project (India) Ltd for "Implementation of a Turnkey Project for providing Voice and Data Network over GFC with futuristic plan for integration of Surveillance Equipment on 08 Nos IB deployed Units under Frontier HQ Jammu" along with the stores/services related to the schedule of requirement of tender enquiry enclosed.

2. The conditions of contract which will govern any contract made are contained in the GFR 2017, Manual of Ministry of Finance for procurement of goods 2017, Procurement of Consultancy and other Services 2017 & all orders issued by MHA, CVC and other relevant departments of Government of India from time to time which has been issued before issuance of this Tender. Any special conditions attached to this invitation to tender will also form part of the conditions of contract and will supersede any general condition.
3. The above manuals are available with latest amendment on website of Ministry of Finance, Govt of India. The same can be downloaded from the [www.finmin.nic.in](http://www.finmin.nic.in).
4. If you are in a position to quote for the supply of these stores in accordance with the requirements stated in the attached schedule to tender, all documents attached herewith should be filled in, signed and submitted through e-procurement site.
5. Public Procurement order(preference to Make in India, 2017) issued by Department of Industrial Policy and Promotion, Ministry of Commerce and Industry Department for Promotion of Industry and Internal Trade(Public procurement Section) order dated 16.09.2020, Ministry of Finance, Department of Expenditure, Public Procurement Division order No. F.No.6/18/2019-PPD dated 23.07.2020 and notification issued by Ministry of MSME under section 11 of Micro, Small and Medium Enterprises Development Act 2006 shall also be taken into consideration in procurement of Goods & services.
6. Bidders are requested to study the Bid document completely and ensure all documents and Appendices to the tender are completely and correctly filled in, signed and stamped where applicable and then upload on CPP portal.
7. CPP Portal i.e. eprocure.gov.in is maintained by National Informatics Centre (NIC). Any technical problem related to uploading the technical bid by participant bidder will be addressed by NIC and their helpline team. No assistance in any manner will be provided by BSF and no request on this behalf will be entertained for extension of tender as well as for acceptance of hard copy.
8. This Tender is NOT transferable.

Signature of the Bidder

No such requests will be entertained by the purchaser after clarification end date.
28. **Right of Bidders :-**  
Bidder can ask in writing about bidding condition, bidding process and / or rejection of their bid. The reasons for rejecting a tender or non-issuing of Bid document to prospective bidder must be disclosed where enquiries are made by the bidder.
29. **Currency of Bidding :-**  
Bidders are allowed to quote price in Indian Rupees (INR) only
30. **Submission of the proposal In TWO BID SYSTEM:-**  
All bidders are required to submit their offers in two bid. The details are as under-
- 30.1 **TECHNICAL BID:-** It must contain the following:
- 30.1.1 Bid documents duly completed and signed but without indicating the rate quoted (Scanned copy)
  - 30.1.2 Bid securing declaration certificate as per Appendix-7 of Chapter-IX
  - 30.1.3 The technical details of the models offered along with the supporting original technical literature, leaflets, brochures etc
  - 30.1.4 Clause by clause compliance to specifications
  - 30.1.5 All forms & Appendices of T.E. duly filled and signed by the bidder.
- 30.2 **COMMERCIAL BID:-**
- 30.2.1 Bidders should submit price bid (BOQ) prices filled as per format available in Appendix-8 of Chapter-IX (in Excel Sheet) and upload the same on CPP Portal <http://eprocure.gov.in/eprocure/app>.

- 30.2.2 The Bidder should give break up of their prices in terms of Basic price, Custom duty, any other tax & applicable GST and must attach copies of govt notification in support of all applicable Taxes/ duties/ charges quoted in the offer
- 30.2.3 The firm will provide rate list of required spare parts (MRLS) for 5 years after the warranty period separately

**31. Evaluation of the proposal (Technical evaluation and financial evaluation)**

A two stage evaluation procedure will be adopted.

**31.1 Stage-I : Technical Evaluation:-**

Offer of the firm will be initially examined in accordance to the eligibility criteria of bidder, availability of uploaded tender documents along with essential forms & Appendix duly filled and signed and Bid Security Declaration.

**31.2 Stage-II : Financial Evaluation:-**

- 31.2.1 The Financial Evaluation will be done on the basis of bidder (L-1).
- 31.2.2 The price bids of only those firms will be opened whose store as per schedule of requirement have been found meeting all the parameters of technical functionalities and who qualified in Technical evaluation. Rates inclusive of all Taxes & Duties.
- 31.2.3 Any conditional bid would be rejected.
- 31.2.4 **Errors & Rectification:** In the Break-up of prices/Arithmetical errors will be rectified as: "If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the amount in words will prevail."

**32. Criteria for awarding the contract :-**

Strictly as per Terms & Conditions of Tender Enquiry

**33. Compliance Statement:-**

The firms must submit/upload compliance statement in the format given in Appendix-1 of Chapter- IX along with technical bid failing which their offer will be treated as incomplete and will be summarily rejected

**34. Joint Receipt Inspection (JRI):-**

- 34.1 *JRI will be conducted after successful installation/commissioning of Turnkey Project and its successful operation, continuously for 30 days in the presence of user and authorized representative of firm before final acceptance/ taking over of the project by BSF.*
- 34.2 JRI will includes inspection of all active/ passive equipment/ material and checking of all the project components as discussed in the scope of work which should meet requirements standards, specifications and performance before commissioning of project.
- 34.3 Upon completion of the JRI the authorized representatives of the PURCHASER and the SUPPLIER shall sign the certificate of Joint Receipt Inspection (JRI).
- 34.4 If any equipment is rejected in final inspection as not conforming to Tender Specifications the same must be replaced within scheduled Delivery Period before final acceptance.
- 34.5 Alternatively at purchaser's option, money be refunded positively within 30 days of issue of notice of such rejection in case any payment is already made to the seller
- 34.6 The purchaser's right of rejection in this regard will be final and absolute.

**35. Terms of Delivery of Services & Instructions:-**

- 35.1 Firm should complete the project within the prescribed delivery period. However, delay in execution of the project beyond delivery period must have prior permission/extension from purchaser.
- 35.2 In the event if firm deliver the store/ complete the project after delivery period, it would be at the risk and the cost of the bidder as the supply may not be taken as contractually accepted.
- 35.3 No grace period will be provided after the stipulated delivery period except Force Majeure clause.

**36. Payment terms:-**

**36.1 *Payments will be done as under-***

- i) 20% in advance against Bank Guarantee
- ii) 40% on delivery of store
- iii) 40% after completion, Installation and commissioning

**36.2 *Completion of the project in all respects Includes Supply of store, Installation and commissioning and successful operation for a period of one month by the authorized representative of firm in presence of staff of BSF & successful JRI.***

***In case of any shortcoming found during this period, same will be removed by the firm's own expenses within prescribed DP.***

**36.3 *After installation & commissioning of the system and one month trial and JRI bidder would inform buyer in writing for taking over of the project. It shall be the responsibility of buyer to depute officers for taking over the system within one month.***

**37. Mode of Payment:-** Payment will be made through "e-payment" for which duly completed proforma has to be submitted (Appendix- 9) of chapter IX.

**38. Make in India :- (Purchase Preference Clause)**

**38.1** As per the Public Procurement order 2017 (Preference to Make in India) issued by Ministry of Commerce & Industry dated 16.9.2020 in the procurement of goods or works which are not divisible in nature where the bid is evaluated on price alone, the 'Class-I local supplier' shall get purchase preference over 'Class-II local supplier' as well as Non-local supplier, as per following procedure -

- (a) Among all qualified bids, the lowest bid will be termed as L1. If L1 is 'Class-I local supplier', the contract will be awarded to L1.
- (b) If L1 is not 'Class-I local supplier', the lowest bidder among the 'Class-I local supplier', will be invited to match the L1 price subject to Class-I local supplier's quoted price falling within the margin of purchase preference, and the contract shall be awarded to such 'Class-I local supplier' subject to matching the L1 price.
- (c) In case such lowest eligible 'Class-I local supplier' fails to match the L1 price, the 'Class-I local supplier' with the next higher bid within the margin of purchase preference shall be invited to match the L1 price and so on and contract shall be awarded accordingly. In case none of the 'Class-I local supplier' within the margin of purchase preference matches the L1 price, the contract may be awarded to the L1 bidder.

**39. Guarantee/Warranty Terms:-**

***Guaranty/warranty will be for 02 Years and will start from the date of final taking over of project by BSF after completion of JRI.***

**Penalty:-**

Onsite Guarantee/ Warranty will be comprehensive i.e. inclusive of the cost for repair/replacement of all spare parts. Penalty for delay in repair/replacement will be implemented as under:-

- a. *The defective equipment will be collected from consignee site, replaced/repaired and handed over back to consignee within Fourteen (14) days after intimation to the firm by the consignee.*
- b. *Penalty for non-commercial period of the equipment due to defect will be @ 0.5% of the cost of the individual equipment per week or part thereof after expiry of service period of 14 days for each occasion of defect. Cumulative penalty not to exceed 10% of the cost of defective equipment.*
- c. *In case, the defective equipment or software leads to the non-serviceability of the entire network of any unit/BN, the calculation of penalty will be done @1% of the total cost of the project per week or part thereof after expiry of service period of Fourteen (14) days for each occasion of defect. Cumulative penalty not to exceed 10% of the cost of the project.*

**40. Training:-**

Training is required to be conducted by the Firm on quarterly basis during first year at of Guaranty/Warranty at respective Unit locations under Jammu Frontier(to be decided by the Frontier) @ 10 trainees per quarter for a period of 10 days).

**41. Performance Security Deposit:**

- 41.1 All successful Bidders against the Tender Enquiry Irrespective of their registration status with MSME shall be required to furnish performance security bond valid up to the laid down period given in the A/T
- 41.2 The successful Bidder will have to submit a Performance Security equivalent to 5% of the Contract / Order value within 14 days of award of contract with validity up to 60 days after the expiry of the Warranty/ Guarantee period in the shape of an Account Payee Demand Draft, Fixed Deposit Receipt from a Commercial bank, Bank Guarantee including (e-Bank Guarantee) from a Commercial bank or online payment in an acceptable form safeguarding the purchaser's interest in all respects. Bank Guarantee in the required proforma which will be supplied along with the AT.
- 41.3 The Performance Security Deposit will come into force after the receipt and final acceptance of the stores. Final Acceptance will be from the date of acceptance of the inspection report of JRII/ Survey.
- 41.4 Firms are bound to direct their bankers to extend the Performance bond to be valid till 60 days after the expiry of Warranty/Guarantee Period, if required.
- 41.5 Provision of sanctions for violation shall be applicable for forfeiture of Performance Bond in case of a decision by the BUYER to forfeit the same without assigning any reason for imposing sanction for violation of Pre-Contract Integrity Pact.

**42. Option Clause :-**

The purchaser reserves the right to increase or decrease the tendered quantity upto 25 (Twenty-Five) percent at any time, till final delivery date (or the extended delivery date of the contract) by giving reasonable notice even though the quantity ordered initially has been supplied in full before the last date of delivery period (or the extended delivery period) in accordance to clause 9.3 of Manual for procurement of Goods 2017, MoF.

**43. Extension of Delivery Period -**

In accordance to Clause 9.7.4 of Manual for procurement of Goods 2017, MoF. Suppliers shall be required to adhere to the delivery schedule specified in the purchase order and, if there is delay in supplies, LD shall be levied wherever there is failure by the party. Extension of the delivery date amounts to amendment of the contract. Such an extension

can be only done with the consent of both parties (that is, the purchaser and supplier). No extension of the delivery date is to be granted *suo motu* unless the supplier specifically asks for it. However, in a few cases, it may be necessary to grant an extension of the delivery period *suo motu* in the interest of the administration. In such cases, it is legally necessary to obtain clear acceptance of the extension letter from the supplier.

If at any time during the currency of the contract, the supplier encounters conditions hindering timely delivery of goods, he shall promptly inform the concerned officer in writing. He should mention its likely duration and make a request for extension of the schedule accordingly. On receiving the supplier's communication, the Procuring Entity shall examine the proposal and, on approval from the CA, may agree to extend the delivery schedule, with or without LD and with or without the denial clause, for completion of the contractor's contractual obligations.

#### **44. FORCE MAJEURE CLAUSE:-**

A Force Majeure (FM) means extraordinary events or circumstances beyond human control such as an event described as an act of God (like a natural calamity) or events such as war, strike, riots, crimes (but not including negligence or wrong-doing), predictable seasonal rain and any other events specifically excluded in the clause. An FM clause in the contract frees both parties from contractual liability or obligation when prevented by such events from fulfilling their obligations under the contract. An FM clause does not excuse a party's non-performance entirely, but only suspends it for the duration of the FM. The firm has to give notice of FM as soon as it occurs and it cannot be claimed ex-post facto. There may be a FM situation affecting the purchase organisation only. In such a situation, the purchase organisation is to communicate with the supplier along similar line as above for further necessary action. If the performance in whole or in part or any other obligation under this contract is prevented or delayed by any other reason of FM for a period exceeding 90 (Ninety) days, either party may its option terminate the contract without any financial repercussion on either side.

#### **45. Denial Clause:-**

In accordance to Clause 9.7.4 of Manual for procurement of Goods 2017 MoF, any increase in statutory duties and/or upward rise in prices due to the PVC clause and/or any adverse fluctuation in foreign exchange are to be borne by the seller during the extended delivery period, while the purchaser reserves his right to get any benefit of a downward revisions in statutory duties, PVC and foreign exchange rate. Thus, PVC, other variations and foreign exchange clauses operate only during the original delivery period.

#### **46. Liquidated Damages:-**

If the Seller/Service Provider fails to deliver any or all of the Goods/Services and installation within the original/re-fixed delivery period(s) specified in the contract, the Buyer will be entitled to deduct/recover the Liquidated Damages for the delay, unless covered under Force Majeure conditions aforesaid, @ 0.5% of the contract value of delayed quantity per week or part of the week of delayed period as pre-estimated damages not exceeding 10% of the contract value of delayed quantity without any controversy/dispute of any sort whatsoever.

#### **Quantum of LD:-**

While granting extension of the delivery period, where the delivery of stores or any instalment thereof is accepted after expiry of the original delivery period, the purchaser shall recover from the Firm, as agreed, the Liquidate Damage of the sum of 0.5 (Half) percent of the contract Price of the delayed/undelivered stores/services including installation mentioned above for every week of delay or part of a week. The total damages shall not exceed 10 (Ten) per cent of value of delayed goods.

#### **47. TERMINATION OF CONTRACT:**

47.1 Time shall be the essence of the contract. The purchaser shall have the right to terminate this contract without any notice in part or in full in any of the following

**cases**

- 47.1.1 The delivery of the material is delayed for causes not attributed to Force Majeure after the scheduled date of delivery.
- 47.1.2 The seller is declared bankrupt or becomes insolvent.
- 47.1.3 The delivery material including installation is delayed due to causes of Force Majeure by more than 90 days.
- 47.1.4 In case Security Deposit or Performance Security is not furnished within the time period specified in the A/T
- 47.1.5 Any incorrect information regarding eligibility criteria and other tender condition furnished by the bidder found at later stage than A/T (Supply order) will be cancelled along with Forfeiture of security deposit/ performance bond.
- 47.1.6 The buyer has noticed that the seller has utilized the Services of any Indian/Foreign agent getting this contract & part any commission to such Industries / Company etc.
- 47.1.7 As such decision of the Arbitration Tribunal.

**48. Conditions of Contract:**

As contained in Chapter 9 of Manual for procurement goods 2017 MOF and contained in the GFR 2017, Manual of Ministry of Finance for procurement of goods & all orders issued by MHA, CVC and other relevant departments of Government of India from time to time.

**49. Jurisdiction & Arbitration:**

This tender and subsequent contract if any are subject to the jurisdiction of Indian Laws and Courts at the place of issue of the Tender. Sole Arbitration is appointed by the DG BSF. For details refer to Clause 9.9.1 and 9.9.2 of Manual for procurement goods 2017, MOF

**50.** No bidding firm will be allowed to withdraw its bids after technical bids have been opened. If any firm intends to withdraw after opening of technical bids, the firm will be suspended/ debarred from being eligible for bidding in any tender with the BSF for 01 year from the date of issue of debarment/ suspension order as well as other Central Government Department's tender and other legal recourse thereof.

**51.** If after award of the contract, the successful bidder(L1) fails to provide required number of tendered stores, the contract is liable to be cancelled along with forfeiture of performance security deposit and other consequential actions such as blacklisting of the firm etc.

**52.** The purchaser reserves the right to cancel or reject any/all of the tendered requirement without assigning any reasons.

**53.** For any change in terms and condition of tender/tender specifications, the Bidders are requested to visit CPP e-Procurement site <https://eprocure.gov.in/eprocure/app> regularly.

**Signature of the Bidder**

### CHAPTER- III

#### Instruction for online Bid Submission

**Instructions to the Bidders to submit the bids online through the Central Public Procurement Portal for e Procurement at <https://eprocure.gov.in/eprocure/app>**

- 1) Possession of valid Digital Signature Certificate (DSC) and enrolment/registration of the contractors/bidders on the e-Procurement/e-tender portal is a prerequisite for e-tendering.
- 2) Bidder should do the enrolment in the e-Procurement site using the "Click to Enrol" option available on the home page. Portal enrolment is generally free of charge. During enrolment/registration, the bidders should provide the correct/true information including valid e-mail ID. All the correspondence shall be made directly with the contractors/bidders through e-mail ID provided. Bidder need to login to the site through their user ID / password chosen during enrolment / registration.
- 3) Then the Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by SiFY/TCS/n-Code/ e-Mudra or any Certifying Authority recognized by CCA India on e-token/ Smartcard, should be registered.
- 4) The DSC that is registered only should be used by the bidder and should ensure safety of the same.
- 5) Contractor/Bidder may go through the tenders published on the site and download the required Bid documents/schedules for the tenders he/she is interested. After downloading / getting the Bid document/schedules, the Bidder should go through them carefully and then submit the documents as asked, otherwise bid will be rejected.
- 6) If there are any clarifications, this may be obtained online through the tender site or through the contact details. Bidder should take into account the corrigendum published before submitting the bids online.
- 7) Bidder then logs into the site through the secured log in by giving the user id/password chosen during enrolment/registration and then by giving the password of the e-Token/ Smartcard to access DSC.
- 8) Bidder selects the tender which he/she is interested in by using the search option & then moves it to the 'my tenders' folder. From my tender folder, he selects the tender to view all the details indicated.
- 9) It is construed that the bidder has read all the terms and conditions before submitting their offer. Bidder should go through the tender schedules carefully and upload the documents as asked, otherwise, the bid will be rejected.
- 10) Bidder, in advance, should get ready the bid documents to be submitted as indicated in the Bid document/schedule and generally, they can be in PDF/xls/rar/zip formats. If there is more than one document, they can be clubbed together and can be provided in the requested format. Each document to be uploaded through online for the tenders should be less than 2 MB. If any document is more than 2MB, it can be reduced through zip/rar and the same can be uploaded, if permitted. Bidders Bid Documents may be scanned with 100 dpi with 12 black and white option. However, if the file size is less than 1 MB the transaction uploading time will be very fast.
- 11) If there are any clarifications, this may be obtained through the site or during the pre-bid meeting if any. Bidder should take into account the corrigendum published from time to time before submitting the online bids.
- 12) The Bidders can update well in advance, the documents such as certificates, annual report details etc., under My Space option and these can be selected as per tender requirements and then send along with bid documents during bid submission. This will facilitate the bid submission Process faster by reducing upload time of bids.

- 13) While submitting the bids online, the bidder reads the terms & conditions and accepts the same to proceed further to submit the bid packets.
- 14) The details of the DD/any other accepted instrument physically sent, should tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise submitted bid will not be acceptable.
- 15) The bidder has to digitally sign and upload the required bid documents one by one as indicated. Bidders to note that the very act of using DSC for downloading the bids and uploading their offers shall be deemed to be a confirmation that they have read all sections and pages of the bid document including General conditions of contract without any exception and have understood the entire document and are clear about the requirements of the tender requirements. The bidder has to upload the relevant files required as indicated in the cover content. In case of any irrelevant files, the bid will be rejected.
- 16) Bidders should fill up price bid as per format available in Appendix-9 of Chapter-IX and upload the BQ sheet in CPP Portal <http://eprocure.gov.in/eprocure/app>
- 17) The bidders are requested to submit the bids through online e-tendering system to the Tender Inviting Authority (TIA) well before the bid submission end date & time (as per Server System Clock). The TIA will not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders at the eleventh hour.
- 18) After the bid submission (i.e. after Clicking "Freeze Bid Submission" in the portal), the acknowledgement number, given by the system should be printed by the bidder and kept as a record of evidence for online submission of bid for the particular tender and will also act as an entry pass to participate in the bid opening date.
- 19) The time settings fixed in the server side & displayed at the top of the tender site, will be valid for all actions of requesting, bid submission, bid opening etc. In the e-tender system, The bidders should follow this time during bid submission.
- 20) All the data being entered by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered will not viewable by unauthorized persons during bid submission & not be viewable by any one until the time of bid opening.
- 21) Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid openers public keys. Overall, the uploaded Bid documents become readable only after the tender opening by the authorized bid openers.
- 22) The confidentiality of the bids is maintained since the secured Socket Layer 128 bit encryption technology is used. Data storage encryption of sensitive fields is done.
- 23) The bidder should logout of the tendering system using the normal logout option available at the top right hand corner and not by selecting the (X) exit option in the browser.
- 24) For any queries regarding e-tendering Process, the bidders are requested to contact as provided in the Bid document. Parallel for any further queries, the bidders are asked to contact over phone: 1-800-233-7315 or send a mail over to [copp-nic@nic.in](mailto:copp-nic@nic.in)
- 25) In case of any query related to tender enquiry, please ask clarification if required by e-mail/ post up to Seek clarification end date and time.

**CHAPTER- IV**  
**ELIGIBILITY AND QUALIFICATION CRITERIA**

**1. ELIGIBILITY CRITERIA**

Only Government Agencies BSNL/MTNL, Telecommunications Consultants India Limited (TCIL), Indian Telephone Industries Limited (ITI), Bharat Electronics Limited (BEL), Electronics Corporation of India Limited (ECIL), RailTel Corporation of India Limited, Power Grid Corporation of India Limited(PGCIL), Engineering Project (India) Ltd. Details of registered E-mail IDs on CPP Portal of PSUs available are as under-

Srl No.	PSU of GOI	Registered email IDs in CPPP
1.	BSNL/MTNL	Juthikasharma.bsnl@nic.in
2.	Telecommunications Consultants India Limited (TCIL)	Sanjeev_53192@tcil.net.in
3.	Indian Telephone Industries Limited (ITI)	Marketing_digital@itiltd.co.in Prashant_rode1@itiltd.co.in
4.	Bharat Electronics Limited (BEL)	kotmk1g@bel.co.in
5.	Electronics Corporation of India Limited (ECIL)	ashoky@ecil.co.in
6.	RailTel Corporation of India Limited	ankur.mehta@raitelindia.com
7.	Power Grid Corporation of India Limited(PGCIL)	cbtwari@powergrid.in
8.	Engineering Project (India) Ltd.	Rajeevi@engineeringprojects.com

**2. Criteria for determining the responsiveness of bid :-**

All factors will be taken into account for evaluating the bids on common platform criteria for awarding the contract to responsive and most advantageous bidder. Financial Evaluation will be done on the basis of L-1 bidder.

## CHAPTER-V

SCHEDULE OF REQUIREMENT

राष्ट्रीय बैंक/TurnkeyProject/PCIC-Egypt/1123/BSF/2025/

दिनांक: 09/05/2025

**I. Description of store:-**

Srl No	Items Description	Unit / AU	Qty
1	2:4 Power PLC splitter (2:4 Optical power splitter)	Nos	80
2	2:8 Power PLC splitter (2:8 Optical power splitter)	Nos	94
3	12 Core single mode Optical Fiber (Cable)	Mtrs	394000
4	HDPE pipe for laying of OFC	Mtrs	394000
5	24 Port Fiber LIU fully loaded with single mode SC adaptor, Adaptor plate and pigtail	Nos	538
6	SC-LC Fiber duplex patch cord	Nos	112
7	LC-LC Fiber duplex patch cord	Nos	32
8	SC-SC Fiber duplex patch cord	Nos	1528
9	UTP cat 6 patch cord 3 meter (CAT-6 Patch cord 3 Mtr)	Nos	780
10	Layer 3 managed switch Industrial grade with 4 SFP enabled and 24 port	Nos	50
11	IP 6G termination box for fiber termination and 8 port industrial switch	Nos	538
12	19 inches 9U network rack	Nos	56
13	19 inches 42 U network rack	Nos	8
14	Network Video recorder (NVR) 32 port with 16 TB HDD	Nos	48
15	Layer 2 managed switch Industrial grade with 2 SFP enabled and 8 Port POE	Nos	450
16	Layer 2 managed switch industrial grade with 2 SFP enabled and 8 Port	Nos	30
17	GPON 8 Port OLT	Nos	8
18	EMS software for managing GPON equipment	Nos	5
19	Monitor 55" (Industrial grade with wall mount)	Nos	74
20	Rack server (12 CPU)	Nos	8
21	Work station computer	Nos	74
22	3 KVA online UPS (With 60 Min Back up)	Nos	74

23.	1 KVA offline UPS (with cabin with 120 Min backup)	Nos	640
24.	GI Farthing	Nos	96
25.	3.5 x 35SQ mm aluminium armoured cable for connection from Border track to mount/ FDP including laying as per CPWD specification	Mtrs	59500
26.	3 core x 4 SQ mm copper wire for connection or wiring (for short distance below 50 Mtr)	Mtrs	31200
27.	3 core x 2.5 SQ mm copper wire for connection or wiring (for short distance below 50 Mtr)	Mtrs	7800
28.	3 phase aluminium bus bar on wall of FDP/ Mount from 63 amp to 100 amp	Nos	312
29.	Joint Box	Nos	312
30.	6 / 5 amp 2 switch + 2 socket box	Nos	624
31.	15/ 16 amp 1 switch + 1 socket box	Nos	624
32.	DP MCB	Nos	312

## **II. Scope of work:-**

- i). Procurement, supply, trench laying, installation, testing and maintenance of OFC, PLB duct and accessories for optical access routes.
- ii). Procurement, supply, installation/commissioning, testing and maintenance of equipment and accessories (other than OFC) on turnkey basis for establishment of "Voice and Data Network on IB under FTR HQ Jammu along with establishment of Command and Control Center and integration of Surveillance Equipment presently held or procured in future like as CTVs/PTZ cameras, HHTIs etc in the AOR of 08 IB deployed BNs under FTR HQ Jammu.
- iii). The equipment should confirm all specification contained in the tender documents including TEC specification wherever applicable.
- iv). Scope of work also includes the detailed survey of the site and preparations of Network architecture and detailed project report (DPR) in consultation with FTR HQ Jammu.
- v). In addition to installation and commissioning of the network so established by the L-1 firm, The L-1 also be responsible for software testing, rectification of defects, remove bugs, software up gradation, imparting of training to designated BSF personnel, hand over the site to BSF and maintain during Guarantee/Warranty and subsequently during CAMC period.
- vi). The design of project should be based on open architecture and scalable. BSF reserve the right of subsequent up gradation surveillance infrastructure of Project to meet the changing requirement by way of integrating additional surveillance equipment as and when required.
- vii). Additional equipment provided by BSF, the firm has to integrate them in Command & Control Centre on "NO Cost to BSF" basis during Guarantee/Warranty period.

VII). Bidders has to integrate the Special Surveillance Equipment like HHTIs, CCTV/PTZ Cameras and other sensors presently available on the ground as per requirement of the field formation.

**NOTE:- Nodal Officer for coordination & responsibility to coordinate :-**

- a) **Nodal official will coordinate visit of bidders to the site as per critical Data sheet (Chapter -II)**
- b) **Bidders will have to complete site visit as per critical Data sheet and at least 10 days advance information to Nodal Officer.**
- c) **Nodal Officer for co-ordination & responsibility to coordinate:-  
Deputy Inspector General (Communication)  
FTR HQ BSF PALOURA CAMP JAMMU  
Pin Code 181124, J & K (Jammu)  
Telephone Number:- 0191-2586309  
Exchange Number:- 0191-2580195, 2581894**

**QUALITATIVE REQUIREMENTS AND TRIAL DIRECTIVES OF IMPLEMENTATION  
OF A TURNKEY PROJECT FOR PROVIDING VOICE & DATA NETWORK OVER OFC  
WITH FUTURISTIC PLAN FOR INTEGRATION OF SURVEILLANCE EQUIPMENTS.**

Sl./No	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/ desired
1.	Joystick			
1.1	Interface	RS 485 (terminal block), Ethernet (RJ45)	The FAT report needs to be submitted & the functionality needs to be verified by the BOO	The interface must be as per requirement mentioned in the QFs
1.2	Baud rate	300 baud – 115,200bps	The FAT report needs to be submitted & the functionality needs to be verified by the BOO	The Baud rate must be as per requirement mentioned in the QFs
1.3	Outputs Protocol	Over 70 sorts of PTZ protocol (IDIS, PANASONIC, PELCO, SAMSUNG etc)	The FAT report needs to be submitted & the functionality needs to be verified by the BOO	The outputs protocols must be as per requirement mentioned in the QFs
1.4	Supp. Video	IP camera, NVR	The FAT report needs to be submitted & the functionality needs to be verified by the BOO	The support video must be as per requirement mentioned in the QFs
1.5	Display	LCD (2 LINE)	The FAT report needs to be submitted & the functionality needs to be verified by the BOO	The display must be as per requirement mentioned in the QFs
1.6	USB	Min. 1 port	The FAT report needs to be submitted & the functionality needs to be verified by the BOO	The USB must be as per requirement mentioned in the QFs
1.7	Audio In/Out	3.5mm/1/3.5m	The FAT report needs to be submitted & the functionality needs to be verified by the BOO	The Audio In/Out (Mic) must be as per requirement mentioned in the QFs
1.8	Power unit	Joystick main power board	The FAT report needs to be submitted & the functionality needs to be verified by the BOO	The component must be as per requirement mentioned in the QFs

**Geometric:**

- 1. To be controlled Routers, DVDS, network video transmitters, network cameras via network connection.
- 2. To be controlled via RS485 and Ethernet via network connection.
- 3. Two way video transmission.
- 4. Management via auto-updates via either the USB port or Ethernet.
- 5. Auto configuration and auto recovery function to enhance system.

**Processor:**

- 1. Processor based, Multiple network keyboards via network connection.
- 2. Processor based by using the QD series.

**2. DC X 2.5 SQ MM TS 1554 Standard Part-T or latest cable**

Sl/No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
1.1	Conductor Dia	2.5 square mm	To be checked physically by BOO	The Conductor Dia must be as per requirement mentioned in the QRs.
1.2	Armour	Insulated bare copper, GI/Wire armoured inner and outer PVC Sheathed IS 1554 standard part-I or latest	To be checked physically by BOO	Armour must be Insulated bare copper, GI/Wire armoured inner and outer PVC Sheathed IS 1554 standard part-I or latest
1.3	No. of Cores	3	To be checked physically by BOO	Cores must be 3.
1.4	Voltage Level	1.1KV	Firm has to submit the OEM certificate.	Voltage level must be as per requirement mentioned in the QR.
<b>2. SFP Module 10G for OLT and Core Switch</b>				
2.1	SFP MSA package with duplex LC connector	To be physically checked by the BOO.		The SFP MSA package with duplex LC connector must be as per the requirement mentioned in the QRs.
2.2	Very low EMI and excellent ED protection	To be physically checked by the BOO.		The specification must be as per the requirement mentioned in the QEs.
2.3	Digital Diagnostic Monitor Interface	To be physically checked by the BOO.		System must have Digital Diagnostic Monitor Interface.
2.4	Hot pluggable, 10Gb/s serial optical interface	To be physically checked by the BOO.		System must be hot pluggable.
2.5	Up to 10km distance	To be physically checked by the BOO.		System must have 10Gb/s serial optical interface.
2.6	Compliant with SFP+MSA	To be physically checked by the BOO.		System must be upto 10km distance.
2.7	High transmission budget	To be physically checked by the BOO.		System must be compliant with SFP+MSA.
2.8	+3.3V single power supply	To be physically checked by the BOO.		System must have high transmission budget.
2.9	Power < 1.5W	To be physically checked by the BOO.		System must have +3.3V single power supply.
2.10	Single mechanical interface	To be physically checked by the BOO.		System must have 3.3V < 1.5W power consumption.
				System must have SFP mechanical interface.

1.1	Interface			
1.1.1	10BASE-TX at 10.3125 Gb/s	To be physically checked by the BOO.		System must have 10GBASE-TX at 10.3125 Gb/s.
1.1.2	10GBASE-BX at 9.953 Gb/s	To be physically checked by the BOO.		System must have 10GBASE-BX at 9.953 Gb/s
<b>4.2.4 Optical Power Splitters</b>				
4.2.1	Operating wavelength	FLC: 1260~1650	Specification to be verified by the BOO through specification sheet	Operating wavelength must be as per the requirement mentioned in the QRs.
4.2.2	Maximum insertion loss	<b>≤7 dB</b>	Specification to be verified by the BOO through specification sheet	Maximum insertion loss must be as per the requirement mentioned in the QRs.
4.2.3	Uniformity	<1 dB	Specification to be verified by the BOO through specification sheet	Uniformity must be as per the requirement mentioned in the QRs.
4.2.4	Maximum Polarization Dependent Loss (PDL)	0.2 dB (Maximum)	Specification to be verified by the BOO through specification sheet	Maximum PDL must be as per the requirement mentioned in the QRs.
4.2.5	Directivity	>55 dB	Specification to be verified by the BOO through specification sheet	Directivity must be as per the requirement mentioned in the QRs.
4.2.6	Return Loss	>55 dB	Specification to be verified by the BOO through specification sheet	Return loss must be as per the requirement mentioned in the QRs.
4.2.7	Operating Temperature	-40~+85°C	Specification to be verified by the BOO through specification sheet	Operating temperature must be as per the requirement mentioned in the QRs.
4.2.8	Storage temperature	-40~+85°C	Specification to be verified by the BOO through specification sheet	Storage temperature must be as per the requirement mentioned in the QRs.
4.2.9	Operating relative humidity	5~95%RH	Specification to be verified by the BOO through specification sheet	Operative relative humidity must be as per the requirement mentioned in the QRs.
4.2.10	Storage relative humidity	5~95%RH	Specification to be verified by the BOO through specification sheet	Storage relative humidity must be as per the requirement mentioned in the QRs.

#### Dimensional features for splitter with connector

1.1	Length (L)	55 +/- 5mm	Specification to be verified by the BOO through specification sheet	Length (L) must be as per the requirement mentioned in the QRs.
1.2	High (A)	4mm (maximum)	Specification to be verified by the BOO through specification	High (A) must be as per the requirement

Chennai 600009  
Date: 10/01/2018

No.	Parameter	Specification:	Trial procedure suggested for Board of Officers sheet	Result expected/desired
1	Light Output Power	2mW (maximum)	Specification to be verified by the BOO through specification sheet	mentioned in the QRS Input Power level must be as per the requirement mentioned in the QRS.
2	Output Optical Attenuation	1mW (maximum)	Specification to be verified by the BOO through specification sheet	Output Power level must be as per the requirement mentioned in the QRS.
3	Digital Indicator	0.00mm	Specification to be verified by the BOO through specification sheet	Digital Diameter must be as per the requirement mentioned in the QRS.
4	PLC Splitter	Yes	Specification to be verified by the BOO through specification sheet	PLC splitter must be housed in POM housing. PLC must be coated rugged paint.
5	PLC Splitter Should be Work Under Weather Condition	Yes	Specification to be verified by the BOO through specification sheet	PLC splitter must be able to work under various weather condition.

### 5.2.8 Optical Power Splitter

Operating wavelength	1260-1650 nm	Specification to be verified by the BOO through specification sheet	Operating wavelength must be as per the specifications mentioned in the QRS.
Insertion loss	11.0 dB	Specification to be verified by the BOO through specification sheet	Maximum insertion loss must be as per the specifications mentioned in the QRS.
Uniformity	<±60 dB	Specification to be verified by the BOO through specification sheet	Uniformity must be as per the specifications mentioned in the QRS.
Minimum Crosstalk Independent Loss (dB) VSWR	0.25 dB (maximum)	Specification to be verified by the BOO through specification sheet	Maximum PLI must be as per the specifications mentioned in the QRS.
Directivity	>55 dB	Specification to be verified by the BOO through specification sheet	Directivity must be as per the specifications mentioned in the QRS.
Return Loss	>55 dB	Specification to be verified by the BOO through specification sheet	Return Loss must be as per the specifications mentioned in the QRS.
Operating Temperature	-40-+65 C	Specification to be verified by the BOO through specification sheet	Operating temperature must be as per the specifications mentioned in the QRS.

Optical Power Splitter

17

Ref/No.	Parameter	Specification	Test procedure suggested for Board of Officers	Result expected/desired
1	Storage Temperature	-40° + 85°C	Specification to be verified by the BOO through specification sheet	Storage temperature must be as per the specifications mentioned in the QRs.
2	Operating relative humidity	5-95%RH	Specification to be verified by the BOO through specification sheet	Operating relative humidity must be as per the specifications mentioned in the QRs.
3	Storage relative humidity	5-95%RH	Specification to be verified by the BOO through specification sheet	Storage relative humidity must be as per the specifications mentioned in the QRs.
4	Operating wavelength	FBT: 1260-1650 nm	Specification to be verified by the BOO through specification sheet	Operating wavelength must be as per the specifications mentioned in the QRs.
5	Storage relative humidity	5-95%RH	Specification to be verified by the BOO through specification sheet	Storage relative humidity must be as per the specifications mentioned in the QRs.

#### Dimensional features for splitter with connector

1	Length (P)	55 +/- 5mm	Specification to be verified by the BOO through specification sheet	Length (P) must be as per the specifications mentioned in the QRs.
2	Width (W)	7mm (maximum)	Specification to be verified by the BOO through specification sheet	Width (W) must be as per the specifications mentioned in the QRs.
3	Height (A)	4mm (maximum)	Specification to be verified by the BOO through specification sheet	Height (A) must be as per the specifications mentioned in the QRs.
4	Input Pigtail Length	1m (maximum)	Specification to be verified by the BOO through specification sheet	Input Pigtail Length must be as per the specifications mentioned in the QRs.
5	Output Pigtail length	1m (maximum)	Specification to be verified by the BOO through specification sheet	Output Pigtail length must be as per the specifications mentioned in the QRs.
6	Pigtail diameter	900um	Specification to be verified by the BOO through specification sheet	Pigtail diameter must be as per the specifications mentioned in the QRs.
7	POL splitter Housed in PCBA coated rugged metallic enclosure	Yes	Specification to be verified by the BOO through specification sheet	POL splitter must have housed in CRCA powder coated rugged metallic enclosure
8	POL splitter specification	Yes	Specification to be verified by the BOO through specification	POL splitter must be able to work under harsh

	Severe Durability (TENS)			
	Wearers ~ 5,200			
	Third Party Material Glass filled			

#### A. SC-LC Fiber Duplex Patch Cord

Range of Mode	Single Mode	Specification to be verified by the BOO through specification sheet.	Range of mode must be as per the requirement mentioned in the QRS.
Connector Type	Duplex	Specification to be verified by the BOO through specification sheet.	Connector type must be as per the requirement mentioned in the QRS.
Connector Style	SC-LC	To be checked physically by BOO.	Zip cord connector style must be as per the requirement mentioned in the QRS.

*[Handwritten signatures and initials over the bottom right corner]*

Sl/No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
1.	Interface type type	PC, UPC, APC Cable	Specification to be verified by the BOO through specification sheet	Interface type must be per the requirement mentioned in the QRS
2.	Diameter	0.9mm, 2.0mm, 3.0mm	To be checked physically by BOO	Diameter must be as per the requirement mentioned in the QRS
3.	Lengths	Standard & Custom Lengths	Specification to be verified by the BOO through specification sheet	Lengths must be as per the requirement mentioned in the QRS
4.	Material	Strength Aramid Yarn	Specification to be verified by the BOO through specification sheet	Member must be as per the requirement mentioned in the QRS
5.	Outer jacket	PVC or LSZH	Specification to be verified by the BOO through specification sheet	Outer jacket must be as per the requirement mentioned in the QRS
6.	Cable Assembly length	15 meter Tolerance +/- 10mm	Specification to be verified by the BOO through specification sheet	Cable Assembly length must be as per the requirement mentioned in the QRS
7.	Durability	500 cycles(0.2 dB max increase)	Specification to be verified by the BOO through specification sheet	Durability must be as per the requirement mentioned in the QRS
8.	Operating Temp	-20 °C to +70 °C	Specification to be verified by the BOO through specification sheet	Operating temperature must be as per the requirement mentioned in the QRS
9.	Storage Temp	-20 °C to +75 °C	Specification to be verified by the BOO through specification sheet	Storage temp must be as per the requirement mentioned in the QRS
10.	Ferrule Concentricity	< 1µm	Specification to be verified by the BOO through specification sheet	Ferrule concentricity must be as per the requirement mentioned in the QRS

#### 4. LC-LC Fiber Duplex Patch Cord

Single mode patch cables send one light signal at a time and can be used for longer distances because they have more resistance to attenuation. The core of the single mode fibre has a diameter of 10µm (minimum). Single mode LC-LC fibre optic patch cables can support gigabit Ethernet networking for up to 10 kilometres.

1.	Length	3m (maximum)	To be checked physically by BOO	Length must be as per the requirement mentioned in the QRS
2.	Connectors	LC-LC	To be checked physically by BOO	Connectors must be as per the requirement mentioned in the QRS
3.	Maximum attenuation loss	0.30dB	Specification to be verified by the BOO through specification sheet	Maximum value for loss must be as per the requirement mentioned in the QRS
4.	Typical connector loss	0.10dB (maximum)	Specification to be verified by the BOO through specification sheet	Typical connector loss must be as per the requirement mentioned in the QRS

Date: 17/07/2019  
Signature: [Signature]

Seq. No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
1	Typical return loss (maximum)	-50 dB	Specification to be verified by the BOO through specification sheet	The QRS Typical return loss must be as per the requirement mentioned in the QP.
2	Buffer material	PVC	Specification to be verified by the BOO through specification sheet	Buffer material must be as per the requirement mentioned in the QP.
3	SLD (CL)	900 μm (+/- 50μm)	Specification to be verified by the BOO through specification sheet	Buffer CL must be as per the requirement mentioned in the QP.
4	Outer jacket	SBR	Specification to be verified by the BOO through specification sheet	Jacket material must be as per the requirement mentioned in the QP.
5	Operating temperature	-30°C to +70°C	Specification to be verified by the BOO through specification sheet	Operating temperature must be as per the requirement mentioned in the QP.
<b>10. SC-SC Fiber Duplex Patch Cord</b>				
1	Cable ID number	3.0mm duplex	To be checked physically by BOO	Cable diameter must be as per the specification mentioned in the QP.
2	Cable Type	Single Mode	To be checked physically by BOO	Cable type must be as per the specification mentioned in the QP.
3	Reflection	Low back reflection and insertion loss	Specification to be verified by the BOO through specification sheet	Reflection must be as per the specification mentioned in the QP.
4	Quality	Premium quality UPC ceramic ferrule for best performance	Specification to be verified by the BOO through specification sheet	Quality must be as per the specification mentioned in the QP.
5	Attenuation	five	Specification to be verified by the BOO through specification sheet	Attenuation must be as per the specification mentioned in the QP.
6	Fiber Type	Single mode 9/125	Specification to be verified by the BOO through specification sheet	Fiber type must be as per the specification mentioned in the QP.
7	Length	0.15 mE	Specification to be verified by the BOO through specification sheet	Length must be as per the specification mentioned in the QP.
8	Outer dia.	1.00 mm	Specification to be verified by the BOO through specification sheet	Outer dia. must be as per the specification mentioned in the QP.
9	Outer dia.	1.00 mm	Specification to be verified by the BOO through specification sheet	Outer dia. must be as per the specification mentioned in the QP.
10	Outer dia.	1.00 mm	Specification to be verified by the BOO through specification sheet	Outer dia. must be as per the specification mentioned in the QP.
11	Operating temperature	-30°C to +70°C	Specification to be verified by the BOO through specification sheet	Operating temperature must be as per the specification mentioned in the QP.

No. Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected desired
11.1.1 Length	100% Fully Tested	Firm has submitted the OEM certificate	Cord must be 100% fully tested
11.1.2 Length	1 MTR (maximum)	To be checked physically by BOO	Length must be as per the specification mentioned in the QRs.
11.1.3 Connectors	SC-SC	To be checked physically by BOO	Connectors must be as per the specification mentioned in the QRs.
<b>11.2 CAT-6 Patch Cord – 3 MTR</b>			
11.2.1 Type	Unshielded Twisted Pair, Category 6, TIA/EIA 568-C.2	To be checked physically by BOO	Type of cord must be as per the specification mentioned in the QRs.
11.2.2 Product	24-26 AWG stranded copper.	Firm has submitted the OEM certificate	Conductor must be as per the specification mentioned in the QRs.
11.2.3 Length	3 meter (Maximum)	To be checked physically by BOO	length must be as per the specification mentioned in the QRs.
11.2.4 Plug Protection	Matching colored snag-less, boot to maintain bend radius	Specification to be verified by the BOO through specification sheet	Plug protection must be as per the specification mentioned in the QRs.
11.2.5 Warranty	5 years component warranty, and 5 years performance warranty	Firm has submitted the OEM certificate	Warranty must be as per the specification mentioned in the QRs.
11.2.6 Category	Category 6 Plug	To be checked physically by BOO	Category must be as per the specification mentioned in the QRs.
11.2.7 Housing	<b>Clear polycarbonate</b>	To be checked physically by BOO	Housing must be as per the specification mentioned in the QRs.
11.2.8 Terminals	Phosphor Bronze with gold plating, 50 micron gold over nickel	To be checked physically by BOO	Terminals must be as per the specification mentioned in the QRs.
<b>12. Layer 2 switch 24 Port Managed Switch with 4x10 G</b>			
12.1.1 Performance	<b>The switch should support Following switching capacity/Forwarding rate 24 GE RJ45 port with 4 nos. of 10G SFP+ uplinks 56 GBPs/83 Mbps or better</b>	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO	The switch must support switch capacity/ Forwarding rate as per the requirement mentioned in the QRs.
12.1.2	<b>Switch should</b>	Firm has submitted the OEM	Switch must have 2 coll

S/N. No. Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
	<b>have 2 GB RAM and 4 GB Flash or better</b>	certificate	RAM and 4 GB Flash.
	Should have minimum 16k MAC Addresses and 1024 active VLANs.	The functionality needs to be verified by the board of officers through Data Sheet.	Should must have minimum 16k MAC Addresses and 1024 active VLANs.
	Switch should have slot/ports(excluding uplinks) for minimum 80 Gbps of stacking bandwidth with dedicated stacking ports and cables with minimum 8 switches in stack.	The functionality needs to be verified by the board of officers through Data Sheet.	Switch must have slot/ports(excluding uplinks) for minimum 80 Gbps of stacking bandwidth with dedicated stacking ports and cables with minimum 8 switches in stack.
	Switch should be able to support 3000 IPv4 & 1500 IPv6 routing entries.	The functionality needs to be verified by the board of officers through Data Sheet.	Switch must be able to support 3000 IPv4 & 1500 IPv6 routing entries.
	<b>Switch should support minimum 512 Switched Virtual interfaces/routed VLAN interfaces.</b>	The functionality needs to be verified by the board of officers through Data Sheet.	Switch must support minimum 512 Switched Virtual Interfaces.
	The switch should support Jumbo frames of 9198 bytes.	The functionality needs to be verified by the board of officers through Data Sheet.	The switch must support Jumbo frames of 9198 bytes.
	Proposed switch should be Enterprise grade switch with x86 based CPU architecture.	The functionality needs to be verified by the board of officers through Data Sheet.	Proposed switch must be enterprise grade switch with x86 based CPU architecture.
	Layer 2, Routed Access (RIP, EIGRP Stub, OSPF - 1000 routers), PBR, PIM Stub, Multicast (1000 routes), VLAN, VRRP, PBR, QoS, THS, SAT, IX, Metrics/128	The functionality needs to be verified by the board of officers through Data Sheet.	System must have Layer 2, Routed Access (RIP, EIGRP Stub, OSPF - 1000 routers), PBR, PIM Stub, Multicast (1000 routes), VLAN, VRRP, PBR, QoS, PBR, PBR, Metrics/128, SAT, IX, IP SLA Responses.

Sl/No. Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
	CQPP, SXP, IP SLA Responder	The functionality needs to be verified by the board of officers through Data Sheet.	The proposed switch must be software defined networking capable and be able to at least integrate easily with the industry standard SDN controllers.
	The Switch stack should be based on Distributed Forwarding Architecture, where in each stack member forwards its given information on network.	The functionality needs to be verified by the board of officers through Data Sheet.	The Switch stack must be based on Distributed Forwarding Architecture where in each stack member forwards its own information on network.
	Switch should have unique secure identity so that its authenticity and origin can be confirmed with OEM. Switch BIOS, software image should be cryptographically signed to ensure integrity and switch should not boot with modified software regardless of user's privilege level.	The functionality needs to be verified by the board of officers through Data Sheet.	Switch must have unique secure identity so that its authenticity and origin can be confirmed with OEM. Switch BIOS, software image should be cryptographically signed to ensure integrity and switch should not boot with modified software regardless of user's privilege level.
	Switch shall support application visibility and traffic monitoring with minimum 16 K net Flow/sflow/flow entries.	The functionality needs to be verified by the board of officers through Data Sheet.	Switch must support application visibility and traffic Monitoring with minimum 16 K NetFlow/sFlow/Flow entries.
	Switches should support both front and back beacon	The functionality needs to be verified by the board of officers through Data Sheet.	Switches must support both front and back beacon LEDs for easy

Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
	<ul style="list-style-type: none"> <li>• LEDs for easy identification of the switch being accessed.</li> <li>• Switch should have hardware support to connect a Bluetooth dongle to your switch, enabling you to use this wireless interface as an IP management port interface.</li> </ul>	<p>The functionality needs to be verified by the board of officers through Data Sheet.</p>	<p>Switch must have hardware support to connect a Bluetooth dongle to your switch, enabling you to use this wireless interface as an IP management port interface.</p>
Hot availability & failover	<ul style="list-style-type: none"> <li>• Switch should support redundant field replaceable/uninterrupted power supplies.</li> <li>• Switch should support redundant fans.</li> <li>• Switch should support cross-stack ether channel.</li> <li>• Switch should support embedded event manager (EMS/GUI) dashboard for easy monitoring.</li> <li>• After a reboot when power is restored to a switch, switch should start delivering power to endpoints without waiting for the operating system to fully load.</li> </ul>	<p>The functionality needs to be verified by the board of officers through Data Sheet.</p>	<p>Switch must support redundant field replaceable/uninterrupted power supplies.</p>
		<p>The functionality needs to be verified by the board of officers through Data Sheet.</p>	<p>Switch must support redundant fans.</p>

S/N / No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
1		The switch should support IEEE 802.1Q VLAN encapsulation.	The functionality needs to be verified by the board of officers through Data Sheet.	The switch must support IEEE 802.1Q VLAN encapsulation.
2		The switch should support Spanning tree Port Fast and Port Fast Guard for fast convergence. The switch should support Uplink Fast & Backbone Fast technologies to help ensure quick failover recovery, enhancing overall network stability and reliability.	The functionality needs to be verified by the board of officers through Data Sheet.	The switch must support Spanning tree Port Fast and Port Fast Guard for fast convergence.
3		The switch should support Spanning tree root guard to prevent other edge switches becoming the root bridge.	The functionality needs to be verified by the board of officers through Data Sheet.	The switch must allow Spanning tree root guard to prevent other edge switches becoming the root bridge.
4		The switch should support Voice VLAN to simplify deployments by keeping voice traffic on a separate VLAN.	The functionality needs to be verified by the board of officers through Data Sheet.	The switch must exhibit Voice VLAN to simplify telephone installations by keeping voice traffic on a separate VLAN.
5		The switch should support Auto-negotiation on all ports to automatically selects half-duplex full-duplex transmission mode to estimate bandwidth.	The functionality needs to be verified by the board of officers through Data Sheet.	The switch must support Auto-negotiation on all ports to automatically select transmission mode to optimize bandwidth.
6		The switch should support Automatic media-dependent interface crossover (MDIX) to automatically adjusts transmit and receive if an incorrect cable is used.	The functionality needs to be verified by the board of officers through Data Sheet.	The switch must support Automatic media-dependent interface crossover (MDIX) to automatically adjust transmit and receive if an incorrect cable is used.

Serial No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
1	Link Layer	<p>and receive pairs if an incorrect cable type (crossover or straight through) is installed.</p> <p>The switch should support Unidirectional Link Detection Protocol (UDLD) and Aggressive UDLD to allow for unidirectional links caused by incorrect cables connecting port pairs to be detected and disabled on fibre optic interfaces.</p>	The functionality needs to be verified by the board of officers through Data Sheet.	(crossover or straight through) is maintained.
2	Network Layer	<p>The switch should support OSPF v1, v2. Switch should support IPv4 and IPv6. The switch should be able to discover two hosts IPv4 &amp; IPv6 Network, the neighbouring device giving the details about the platform, IP Address, link connected through etc, thus helping in troubleshooting connectivity problems.</p> <p>The switch should support IEEE 802.1x providing user authentication, authorization and accounting.</p>	<p>The functionality needs to be verified by the board of officers through Data Sheet.</p> <p>The functionality needs to be verified by the board of officers through Data Sheet.</p>	<p>The switch must support OSPF v1 &amp; v2 protocols.</p> <p>Switch must support IEEE 802.1x and 802.1q. It should be able to work with two hosts in network, the neighbour device giving the details about the platform, IP Address, link connected through etc, thus helping in troubleshooting connectivity problems.</p>
3	Network Security Features	<p>The switch should support SSHv2 and SFTPv3 to provide network security.</p>	The functionality needs to be verified by the board of officers through Data Sheet.	The switch must support IEEE 802.1x providing user authentication, authorization and accounting.
4				The switch must support SSHv2 and SFTPv3 to provide network security.

SI/No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
1.18	Support cable entry from top or bottom	To be checked physically by BOO	Support cable entry must be as per the requirement mentioned in the QFs.	Support cable entry must be as per the requirement mentioned in the QFs.
1.19	For Cantilever shelf	To be checked physically by BOO	Cantilever shelf must be as per the requirement mentioned in the QFs.	Cantilever shelf must be as per the requirement mentioned in the QFs.
15.19	19 Inches 42U Network Rack			
15.19.1	Work enclosure 42U floor standing	To be checked physically by BOO	Rack enclosure must be as per the requirement mentioned in the QFs.	Rack enclosure must be as per the requirement mentioned in the QFs.
15.19.2	2U standing 19" rack rails	To be checked physically by BOO	EIA tenant must be as per the requirement mentioned in the QFs.	EIA tenant must be as per the requirement mentioned in the QFs.
15.19.3	Width : 600 mm (+/- 10mm)	To be checked physically by BOO	Width must be as per the requirement mentioned in the QFs.	Width must be as per the requirement mentioned in the QFs.
15.19.4	Depth : 1000 mm (+/- 10mm)	To be checked physically by BOO	Depth must be as per the requirement mentioned in the QFs.	Depth must be as per the requirement mentioned in the QFs.
15.19.5	Front door : toughened glass front door with lock	To be checked physically by BOO	Transparent toughened glass must be as per the requirement mentioned in the QFs.	Transparent toughened glass must be as per the requirement mentioned in the QFs.
15.19.6	Side panels : with Ray locks and safety latch	To be checked physically by BOO	Side panels must be as per the requirement mentioned in the QFs.	Side panels must be as per the requirement mentioned in the QFs.
15.19.7	Front door with lock	To be checked physically by BOO	Front door must have locking lock.	Front door must have locking lock.
15.19.8	Front tray with 4 fans for heat dissipation	To be checked physically by BOO	Front tray must be as per the requirement mentioned in the QFs.	Front tray must be as per the requirement mentioned in the QFs.
15.19.9	Front monitor display	To be checked physically by BOO	Rack must have front monitor display.	Rack must have front monitor display.
15.19.10	Front with keyboard tray	To be checked physically by BOO	Rack must have shelf with keyboard tray.	Rack must have shelf with keyboard tray.
15.19.11	Front : vertical power distribution unit with 10 point AC N. In and socket and MCB	To be checked physically by BOO	Rack must have top front vertical power distribution unit with 10 point AC N. In and 16 AMP socket and MCB.	Rack must have top front vertical power distribution unit with 10 point AC N. In and 16 AMP socket and MCB.
15.19.12	Gathering strip	To be checked physically by BOO	Rack must have gathering strip.	Rack must have gathering strip.
15.19.13	Mouting hardware (SUS304)	To be checked physically by BOO	Mouting hardware (SUS304) : vertical power distribution unit with 10 point AC & N 16 AMP socket and MCB	Mouting hardware (SUS304) : vertical power distribution unit with 10 point AC & N 16 AMP socket and MCB
15.19.14	Supply cable for top or bottom	To be checked physically by BOO	Rack must have supply cable for top or bottom.	Rack must have supply cable for top or bottom.

16	4-Wheel-duty center wheels & 2 side		To be checked physically by BOO	Rocking & 4-wheel-duty center wheels & side
17	Network Manager		To be checked physically by BOO	
18	<b>SFP Module 1G Single Mode LC</b>			
18.1	IEEE Standard	1000 Base LX	Firmware has submitted the OEM certificate	IEEE standard must be as per the specification mentioned in the Q.R.
18.2	Signalling rate (min)	1.25 Gbps & 4 - 120 ppm	The functionality needs to be verified by the BOO through Data Sheet.	Signalling rate (min) to be per the specification mentioned in the Q.R.
18.3	Connector type	Lucent connector (LC) physical connector (PC)	The functionality needs to be verified by the BOO through Data Sheet.	Connector type must be as per the specification mentioned in the Q.R.
18.4	Fiber pairs	1	The functionality needs to be verified by the BOO through Data Sheet.	Fiber pairs must be as per the specification mentioned in the Q.R.
18.5	Wavelength range	1270 nm to 1355 nm	The functionality needs to be verified by the BOO through Data Sheet.	Wavelength range must be as per the specification mentioned in the Q.R.
18.6	Average transmit power (max)	-2.5 dBm	The functionality needs to be verified by the BOO through Data Sheet.	Average transmit power (max) must be as per the specification mentioned in the Q.R.
18.7	Average transmit power (min)	-3 dBm	The functionality needs to be verified by the BOO through Data Sheet.	Average transmit power (min) must be as per the specification mentioned in the Q.R.
18.8	Average receive power (max)	-3 dBm	The functionality needs to be verified by the BOO through Data Sheet.	Average receive power (max) must be as per the specification mentioned in the Q.R.
18.9	Receive Sensitivity (maximum)	-19 dBm	The functionality needs to be verified by the BOO through Data Sheet.	Receive Sensitivity must be as per the specification mentioned in the Q.R.
18.10	Diagnostic support	Supported	The functionality needs to be verified by the BOO through Data Sheet.	Diagnostic support must be as per the specification mentioned in the Q.R.
19	<b>Network Video Recorder (32) Port</b>			
19.1	Channels	32 Nos. Full HD/16 Nos. 4K Resolution or better	To be physically checked by the BOO	Channels must be as per the requirement mentioned in the Q.R.
19.2	Camera Type	Should Support 4K Box Camera and Full HD PTZ Cameras	The FAT report needs to be submitted & the functionality needs to be verified by the BOO.	Type of camera must be as per the requirement mentioned in the Q.R.
19.3	Recording Resolution and Frame Rate	Full HD & 4K (3840x2160) @ 25 FPS or higher	The FAT report needs to be submitted & the functionality needs to be verified by the BOO.	Recording Resolution & frame rate must be as per the requirement mentioned in the Q.R.

Planned

Sl./No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
4	Supported Image Resolution	HD resolution and 4K UHD Resolution	Specification to be verified by the BOO through specification sheet.	Supported image resolution must be as per the requirement mentioned in the QPs.
5	Operating System	<b>Embedded Linux/Windows based system</b>	Firm has submitted the OEM certificate.	Operating system must be as per the requirement mentioned in the QPs.
7	Video compression	H.264, H.265 or better supporting One System	Firm has submitted the OEM certificate.	Video compression must be as per the requirement mentioned in the QPs.
11	Recording bandwidth	Minimum 32 Gbps full HD 6320 Mode or 16 Nos 4K resolution 16 Gbps mini PCIe HD synchronous play back	The FAT report needs to be submitted & the functionality needs to be verified by the BOO.	Recording bandwidth must be as per the requirement mentioned in the QPs.
12	Video interface	Minimum 70 TB Usable after RAID 5/6 Configuration / Combination of Internal and external	Specification to be verified by the BOO through specification sheet.	Video playback must be as per the requirement mentioned in the QPs.
13	Storage	Maintain 70 TB Usable after RAID 5/6 Configuration / Combination of Internal and external	The FAT report needs to be submitted & the functionality needs to be verified by the BOO.	Storage must be as per the requirement mentioned in the QPs.
14	Drive type	SATA Surveillance HUB or better	Specification to be verified by the BOO through specification sheet.	Drive type must be as per the requirement mentioned in the QPs.
15	Video In Connections	<b>2x 1G Ethernet and 2x 10G Ethernet/ SFP+ connectivity</b>	The FAT report needs to be submitted & the functionality needs to be verified by the BOO.	Video in connection must be as per the requirement mentioned in the QPs.
16	Discovery Interface	OEM interface to detect the camera automatically and configure network settings	The FAT report needs to be submitted & the functionality needs to be verified by the BOO.	Discovery interface must be as per the requirement mentioned in the QPs.
17	Video output interface	DVI/HDMI/VGA/USB	To be checked physically by the BOO.	Video output/interface must be as per the requirement mentioned in the QPs.
18	Network Interface	<b>1-Port of Ethernet 10/100/1000 Base T ports</b>	To be checked physically by the BOO.	Network interface must be as per the requirement mentioned in the QPs.
19	USB interface	USB 2.0 x 2, USB 3.0 x 1 or better	To be checked physically by the BOO.	USB interface must be as per the requirement mentioned in the QPs.
20	Monitoring	USB Mouse	To be checked physically by the BOO.	Monitoring must be as per the requirement mentioned in the QPs.

1	Multi-screen display	Control, Digital Keyboard Control, Support / support on local monitor, Full screen, Quad view, 4x4; min 16-view or any other window division based on the site requirement)	The FAT report needs to be submitted & the functionality needs to be verified by the BOO.	The requirement mentioned in the QRs
2	Camera control	Yes	To be checked physically by the BOO.	Camera control must be as per the requirement mentioned in the QRs
3	Recording/Playback control	Required	To be checked physically by the BOO.	Recording/playback control must be as per the requirement mentioned in the QRs
4	Triggering mode	Manual, Schedule (Continuous/Event), Event (Pre/Post), Motion detection, Alarms, Trigger Input etc.	Specification to be verified by the BOO through specification sheet	Recording mode must be as per the requirement mentioned in the QRs
5	Fail over recording	Required	To be checked physically by the BOO	Fail over recording must be as per the requirement mentioned in the QRs
6	Search and export	Recording search by Camera, date and time, Export of video clips to USB Flash drives,	Specification to be verified by the BOO through specification sheet.	Search and export must be as per the requirement mentioned in the QRs
7	System log	Alarms, Events, Operator Log etc.	Specification to be verified by the BOO through specification sheet.	System log must be as per the requirement mentioned in the QRs
8	User Management	Authentication of User Login, Configuration of users, User Groups and User Access Rights.	Specification to be verified by the BOO through specification sheet.	User management must be as per the requirement mentioned in the QRs
9	Power Supply	Dual Redundant	To be checked physically by the BOO	Power supply must be as per the requirement mentioned in the QRs
10	Chassis Mounting	19" Rack Mounted	To be checked physically by the BOO	Chassis Mounting must be as per the requirement mentioned in the QRs

Signature - *[Signature]*

Date - *[Date]*

Sr.No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
11	Regulatory Approvals	DoT, IEC & FCC/CE	Firm has submitted the OEM certificate.	mentioned in the Q.R. Regulatory approvals/certifications must be as per the requirement mentioned in the Q.R.
<b>Additional Functionality:</b> The firm should be able to synchronize video from cameras on restoration of network failure.				
12				When ever network interference happens, the recording should start on the recording media. If two different network recorders, the data on SD Card should be automatically synchronized.
13				Network reconnection operation of NVR. It should be designed to guarantee continuous recording feature. 50% of SD Card capacity should record at originally configured frame rate. Once the NVR, however after 50% of SD Card storage is filled, it drops frame rate and records approximately 24 hours backlog. On Resumption of the Network, the Recording should automatically be restored to the USB.
14				Failover should not only be supported between IP camera and NVR, but also between NVRs. One NVR can be set as a follower NVR. It means NVR is designed to support failover for multiple NVR. For example, there are two NVRs running with Unilover NVR, the follower NVR will take its operation if any one of 10 IP/POE camera.
15				NVR should support Two-way Audio function. Security: The cameras should be connected through a single IP address with separate subnet mask, limiting direct access to the cameras and increasing security.
<b>16. SFP Module 2.5 Gbps</b>				
17				SFP module can be used to connect multiple GPON optical line terminals to GPON OLT. Maximum link span can reach 40km. This transceiver is based on PON (GPON) technology thus it transmits to 1490nm (TX: 1310nm) and receives (RX: 1490nm) data simultaneously in both directions over same strand of fiber (optical splitters are avoided). Component Multi-mode SFP Module is compliant with ITU-T G.984.2, IEEE 802.3 and SFP MSA standards. Host system can access module memory, EEPROM memory and EEPROM via I2C interface. ODFM (Optical Diagnostic Monitoring) interface is fully compliant with IEEE 802.3.
18	Supported transmission technology	ITU-T G.984.2	Firm has submitted the OEM certificate.	The specification must be as per the requirement mentioned in the Q.R.
19	Upstream throughput	248Mbps	Firm has submitted the OEM certificate.	Supported transmission technology must be as per the requirement mentioned in the Q.R.
20	Downstream throughput	1244Mbps	Firm has submitted the OEM certificate.	Downstream throughput must be as per the requirement mentioned in the Q.R.

Sr./No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/Outcome desired
11-4	It should have 8 downstream GPON ports expandable to 16 downstream GPON port with addition of GPON SFP and with 4 uplink GE optical/electrical/ 10 GE support.		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	It must have 8 downstream GPON ports expandable to 16 downstream GPON ports with addition of GPON SFP and with 4 uplink GE optical/electrical/ 10 GE support.
11-5	It must be using field-proven OMC stack and OLT management software solution.		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	It must be using field proven OMC stack and OLT management software solution.
11-6	It must be IEEE 802 compliant solution for FTTx (OLT) authentication.		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	It must be IEEE 802 compliant solution for OLT authentication.
11-7	It should have high splitter rate with support up to 128x ONT using C+ PON SFP. It addition GPON new port should have support of C+P SFP for >34dB Rx sensitivity.		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must have high splitter rate with support up to 128x ONT using C+ PON SFP. It addition GPON new port should have support of C+P SFP for >34dB Rx sensitivity.
11-8	It should support uplink FEC, downlink FEC (Forward Error Correction).		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must support uplink FEC, downlink FEC (Forward Error Correction).
11-9	Gpon port ID, PER Gpon MAC allocation and upstream is 128 bits & the per Gpon MAC (16 bits).		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	The PON must provide the requirement mentioned in the Q.R.
11-10	It should static & dynamic bandwidth Allocation.		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must static & dynamic bandwidth allocation.
11-11	It should support Port-based QinQ and Stackwise QinQ (Stack VLAN)		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must support Port-based QinQ and stack wise QinQ (Stack VLAN).
11-12	It should support Port-based/MAC-based/IP based VLANs.		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must support Port based/MAC-based/IP based-VLANs.
11-13	It should support IEEE 802.1Q		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must support IEEE 802.1Q

Notes

SH/NR. Parameter	Specification	Trial procedure suggested for Board of Officers submitted and the functionality need to be verified by the firm in presence of BOO.	Result expected / desired
	Spanning Tree Protocol (STP)		1D spanning Tree, STP
■ 2.4	It should support IEEE 802.1w Rapid Spanning Tree Protocol (RSTP), IEEE 802.1s.	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must support IEEE 802.1w rapid spanning Tree Protocol (RSTP) IEEE 802.1s.
■ 2.5	It should have multiple spanning tree protocol instances (MSTP) Bi-directional bandwidth control. It should have static link aggregation and LACP (Link Aggregation Control Protocol).	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must have multiple spanning tree protocol instances (MSTP) bi-directional bandwidth control. Must have static link aggregation and LACP (Link Aggregation Control Protocol).
■ 2.6	It should have port mirroring and traffic mirroring	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must have port mirroring and traffic mirroring
■ 2.7	It should have rate-limit to packet sending/receiving speed of port of self-defined flow and provide general flow monitor and two-flow/direction-color monitor of self-defined flow.	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must have rate-limit to packet sending/receiving speed of port of self-defined flow and provide general flow monitor and two-flow direction-color monitor of self-defined flow.
■ 2.8	It should have priority remark to port or self-defined flow and provide 802.1P, DSCP priority and remark.	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must have priority remark to port or self-defined flow and provide 802.1P, DSCP priority and remark.
■ 2.9	It should have CAR (committed Access Rate), Traffic Shaping and flow statistics, Packet mirror and redirection of interface and self-defined flow.	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must have CAR (committed Access Rate), Traffic Shaping and flow statistics, Packet mirror and redirection of interface and self-defined flow.
■ 2.10	It should support ERPS (recovery time < 200 ms), RSTP/MSTP (recover-time < 1s) & LACP (recover-time < 200 ms).	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must support ERPS (recover-time < 200 ms), RSTP/MSTP (recover-time < 1s) & LACP (recover-time < 200 ms).
■ 2.11	Net Power consumption should be < 270W.	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	QLT Power consumption must be < = 270W.

1		■ It should have queue scheduler based on port and self defined flow. Each port/flow supports 8 priority queues and combination of SP, WRR and SP+WRR.	presence of BOO. The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must have queue scheduler based on port and self definition. Each port/flow supports 8 priority queues and combination of SP, WRR and SP + WRR.
10.2.1		■ It should support congestion avoidance mechanism including Tail Drop and WRED.	The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Must support congestion avoidance mechanism including Tail Drop and WRED.
10.2.4	<b>OLT should have switching capacity of 480 Gbps or higher</b>		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	OLT must have switching capacity of 480 Gbps or higher.
15	(Pv4 ARP Proxy DHCP Relay Static route IPoE)		The FAT report needs to be submitted and the functionality need to be verified by the firm in presence of BOO.	Port routes as per the requirement mentioned in the QPs.
<b>21. QPs/Specification of EMS Software for Managing GPON Equipment</b>				
		Based on standard SNMP protocol	The functionality needs to be verified by the board of officers.	The SNMP protocol needs to be as per requirement mentioned in the QPs.
21.1	Support multiple client access, C/S architecture		The functionality needs to be verified by the board of officers.	Client access- C/S architecture must be as per requirement mentioned in the QPs.
21.2	Support integrated management of our EPON/GPON series products		The functionality needs to be verified by the board of officers.	Must support integrated management of our EPON/GPON series products.
21.4	Support auto topology or modify manually, and multi-layer map view		The functionality needs to be verified by the board of officers.	Must support auto topology or modify manually, and multi-layer map view.
21.5	Support configuration operation in EPON/GPON products functions		The functionality needs to be verified by the board of officers.	Must support configuration operation in all EPON/GPON products functions.
21.6	Support multiple level operation authority		The functionality needs to be verified by the board of officers.	Must support multiple level operation authority.
21.7	Real-time and history alarm message view, search and save		The functionality needs to be verified by the board of officers.	Must have real-time and history alarm message view, search and save.
21.8	Operation history record trace and		The functionality needs to be	Must have operation history record trace and

	Save		verified by the board of officers.	history record trace and save.
11.9	The independent database and support data backup and import		The functionality needs to be verified by the board of officers.	Software must use independent database and support data backup and import.
11.10	Support performance monitor and traffic counters statistic		The functionality needs to be verified by the board of officers.	Must support performance monitor and traffic counters statistic.
11.11	The EMS is must be able to run on a Linux/Windows platform.		The functionality needs to be verified by the board of officers.	The specification must as per the requirement mentioned the QRs.
11.12	The network representation shall be based on a tree like structure as well as in a graphical structure.		The functionality needs to be verified by the board of officers.	The network representation must be based on a tree like structure as well as in a graphical structure.
11.13	Support Map view with Google MAP		The functionality needs to be verified by the board of officers.	Must support map view with Google Map.
11.14	The proposed EMS has the capability to support very large networks in a single instance		The functionality needs to be verified by the board of officers.	The specification must as per the requirement mentioned the QRs.
11.15	Hardware or software upgrade of the EMS must not affect end-user services		The functionality needs to be verified by the board of officers.	The specification must as per the requirement mentioned the QRs.
11.16	System upgrades must be performed from the operator position without requiring any on-site visit.		The functionality needs to be verified by the board of officers.	The specification must as per the requirement mentioned the QRs.
11.17	Compatibility between different versions of NE software must be maintained via "plug-in" architecture. Concurrency of different NE software versions must be supported without service degradation.		The functionality needs to be verified by the board of officers.	Compatibility must be as per the requirement mentioned the QRs.
11.18	The EMS should allow for the selection of a default map/list for some operators or group of operators. The default map/list shall be defined by the EMS Administrator.		The functionality needs to be verified by the board of officers.	The EMS must allow for the selection of a default map/list for some operators or group of operators. The default map/list must be defined by the EMS Administrator.
11.19	The EMS shall update automatically and in real time all local and remote Network Management operator maps/lists after a NE is added on the map/list or the NE settings on the map/list are modified (e.g. the		The functionality needs to be verified by the board of officers.	The EMS must update automatically and in real time all local and remote Network Management operator maps/lists after a NE is added on the map/list or the NE settings on the map/list are modified.

		digital zoom on a PTZ camera's live video streams.	verified by the BOO through Data Sheet.	support digital zoom on PTZ camera's live video streams.
1.2.23		The operator shall be able to Control Pan, Tilt and Zoom patterns of PTZ Camera	The functionality needs to be verified by the BOO through Data Sheet.	The operator must be able to control Pan, Tilt and Zoom patterns of PTZ Camera
1.2.24		The software shall be able to display video of cameras on 55 inch Large Format Display Monitors and Workstation Monitors.	The functionality needs to be verified by the BOO through Data Sheet.	The software must be able to display video of cameras on 55 inch Large Format Display Monitors and Workstation Monitors.
1.2.25		The software shall allow the control of display from the client PC.	The functionality needs to be verified by the BOO through Data Sheet.	The software must allow the control of display from the client PC.
1.2.26		The operator from the GUI software shall be able to decide the screen layout and also the cameras that shall be displayed on the monitors.	The functionality needs to be verified by the BOO through Data Sheet.	The operator from the GUI software must be able to decide the screen layout and also the cameras that shall be displayed on the monitors.
1.2.27		The software shall support multicasting.	The functionality needs to be verified by the BOO through Data Sheet.	The software must support multicasting
1.2.28		It shall be possible to switch the screen layout in response to an alarm.	The functionality needs to be verified by the BOO through Data Sheet.	It must be possible to switch the screen layout in response to an alarm.
1.2.29		The GUI Software shall support text superimposing the title and date & time on the video.	The functionality needs to be verified by the BOO through Data Sheet.	The GUI Software must support text superimposing the title and date & time on the video.
1.3	<b>Video Recording Software</b>			
1.3.1		Software shall support recording of H.264/H.265 video streams. It shall support recording of video and audio for all the channels.	The functionality needs to be verified by the BOO through Data Sheet.	Software must support recording of H.264/H.265 Video streams. It must support recording of video and audio for all the channels.
1.3.2		Software shall support triplex applications, recording, re-play and backup simultaneously. It shall be compatible with windows Server OS or Linux for highest performance and reliability.	The functionality needs to be verified by the BOO through Data Sheet.	Software must support triplex applications, recording, re-play and backup simultaneously. It must be compatible with windows Server OS or Linux for highest performance and reliability.
1.3.3		The software shall support absolute recording redundancy with X to N, N to X and N to N	The functionality needs to be verified by the BOO through Data Sheet.	The Software must support absolute recording redundancy with X to N, N to X and N to N

Srl./No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
		Redundancy configurations for recording servers. This feature shall be provided, if specified by purchaser.		to X and N to N redundancy configurations for recording servers. This feature must be provided, if specified by purchaser.
1.3.1		Software shall operate on open architecture and shall not require any proprietary hardware.	The functionality needs to be verified by the BOO through Data Sheet.	Software must operate on open architecture and must not require any proprietary hardware.
1.3.5		Software shall be able to record minimum 64 different video streams or more simultaneously. It shall be accessible from any client PC connected to the network.	The functionality needs to be verified by the BOO through Data Sheet.	Software must be able to record minimum 64 different video streams or more simultaneously. It must be accessible from any client PC connected to the network.
1.3.6		Software shall provide network time server function to ensure the synchronization of the video servers and the recordings	The functionality needs to be verified by the BOO through Data Sheet.	Software must provide network time server function to ensure the synchronization of the video servers and the recordings
1.3.7		The servers shall be connected to the network so that these can be placed at any location, which has network access. The software shall be able to receive alarms of different types from equipment to start a recording. These alarms can be motion detection, video loss, and unified picture and trigger input.	The functionality needs to be verified by the BOO through Data Sheet.	The servers must be connected to the network so that these can be placed at any location, which has network access. The software must be able to receive alarms of different types from equipment to start a recording. These alarms can be motion detection, video loss, unified picture and trigger input.
1.3.8		The software alarm recording shall support pre-and post-alarm periods. Both can be configured in duration.	The functionality needs to be verified by the BOO through Data Sheet.	The software alarm recording must support pre-and post-alarm periods. Both can be configured in duration.
1.3.9		The software shall provide a status of the available recording capacity.	The functionality needs to be verified by the BOO through Data Sheet.	The software must provide a status of the available recording capacity.
1.3.10	<b>Fault Tolerant Recording:</b>			
1.3.11		If software & server(s) operation are interrupted, like power disconnection and once the server(s) are restarted, these shall automatically resume recording of any cameras these were recording prior to the	The functionality needs to be verified by the BOO through Data Sheet.	If software & server(s) operation are interrupted, like power disconnection and once the server(s) are restarted, these shall automatically resume recording of any cameras these were recording prior to the

S.I./No.	Parameter	Specification	Trial procedure suggested for Board of Officers	Result expected/desired
	Interruption-			these were recording prior to the interruption.
1.3.32		The software shall support network fault tolerant recording such that if the network connection between a video management server and video recording server becomes unavailable, for example through cable breakage, network congestion or WLAN interruption, the system operation shall automatically recover when the connection is restored.	The functionality needs to be verified by the BOO through Data Sheet.	The software must support network fault-tolerant recording such that if the network connection between a video management server and video recording server becomes unavailable, for example through cable breakage, network congestion or WLAN interruption, the system operation shall automatically recover when the connection is restored.
1.4	<b>Search &amp; Export</b>			
1.4.1		It shall be possible to search for recordings in the software by camera, date and time. If a date and time is specified, playback shall commence from that date and time. It shall be possible to playback more than one camera simultaneously.	The functionality needs to be verified by the BOO through Data Sheet.	It must be possible to search for recordings in the software by camera, date and time. If a date and time is specified, playback shall commence from that date and time. It must be possible to playback more than one camera simultaneously.
1.4.2		The software shall be able to export sections of recordings to a separate Windows folder, which can then be written to CD-ROM, DVD-ROM or USB Flash Drives etc. to be played back at a location not connected to the network video management & recording network. The export process shall make available a player application, which can be provided with the exported video. Export shall be possible in Windows media player or any other media player compatible format. Simultaneous export of multiple cameras shall also be possible.	The functionality needs to be verified by the BOO through Data Sheet.	The software must be able to export sections of recordings to a separate Windows folder, which can then be written to CD-ROM, DVD-ROM or USB Flash Drives etc. to be played back at a location not connected to the network video management & recording network. 2. The conditions of contract which will govern any contract made, are contained in the
  - 2.1 The conditions of contract which will govern any contract made are contained in the GFR 2017, Manual of Ministry of Finance for procurement of goods 2017, procurement of Consultancy & Other Services 2017 & all orders issued by MHA, CVC and other relevant departments of Government of India from time to time which has been issued before issuance of this Tender.
  - 2.2 *Public Procurement Order (Preference to Make in India, 2017) issued by GoI, Ministry of Commerce & Industry (DPIIT)(PP Section) vide order dated 16.09.2020 pursuant to Rule 153(iii) of GFR 2017, Ministry of Finance, Department of Expenditure, Public Procurement Division order dated 23.07.2020, MSMED Act 2006, Public Procurement Policy for MSEs Order-2012 issued by Ministry of MSME vide order dated 23<sup>rd</sup> March 2012 shall also be taken into consideration in procurement of Goods & services.*
  - 2.3 Any special conditions attached to this invitation to tender will also form part of the conditions of contract and will supersede any general conditions.

**3. Amendments:-**

The amendment made by Central Government from time to time in policy and instructions will be adhered.

**4. Definition -**

"Secretary" means Secretary of Ministry of Home Affairs for the time being in the administrative charge of the subject matter of contract and included Special Secretary, Additional Secretary, Joint Secretary or Director or Deputy Secretary in Ministry of Home Affairs, Director General, Inspector General, Dy. Inspector General, Commandant in BSF (MHA) and every other officer authorized for the time being to execute contracts relating to purchase and supply of stores on behalf of the President of India.

**5. ARBITRATION:-**

**5.1 Conciliation of disputes**

- i) Any party may invoke Conciliation by submitting "Notice of Conciliation" to the Head of the Procuring Organisation. Since conciliation is a voluntary process, within 30 days of receipt of "Notice of Conciliation", the Head of the Procuring Organisation shall notify a sole Conciliator if the other party is agreeable to enter Conciliation. If the other party is not agreeable to Conciliation, the aggrieved party may invoke Arbitration.
- ii) The Conciliator shall proactively assist the parties to reach an amicable settlement independently and impartially within the terms of the contract, which 60 days from the date of appointment of the Conciliator.
- iii) If the parties reach an agreement on a dispute settlement, they shall draw up a written settlement agreement duly signed by the parties and conciliator. When the parties sign the settlement agreement, it shall be final and binding on the parties. The dispute shall be treated as resolved on the date of such agreement.
- iv) The parties shall not initiate, during the conciliation proceedings, any arbitral or judicial proceedings in respect of a dispute that is the subject matter of the conciliation.

proceedings.

- v) **Termination of Conciliation:** Disputes shall remain alive if the conciliation is terminated as follows:
  - (a) By written declaration of the conciliator, after consultation with the parties, to the effect that further efforts at conciliation are no longer justified, on the date of such declaration, or
  - (b) By a written declaration of any party to the conciliator to the effect that the conciliation proceedings are terminated, on the date of such declaration, or
  - (c) If the parties fail to reach an agreement on a settlement of the dispute, within 60 days of the appointment of Conciliator.
- vi) On termination of Conciliation, if the dispute is still alive, the aggrieved party shall be free to invoke Arbitration.

### **3.2 Arbitration Agreement**

#### **3.2.1 This Agreement**

- i) This Arbitration Agreement (hereinafter referred to as this "Agreement") relating to this Contract (hereinafter called the "Main Agreement" for this agreement) is made under the provisions of The Arbitration and Conciliation Act, 1996 as amended from time to time and the rules thereunder (hereinafter called The Arbitration Act). This Agreement shall continue to survive termination, completion, or closure of the Main Agreement for 120 days after that.
- ii) Subject to aforesaid provisions, relevant clauses of the contract shall apply to the appointment of arbitrators and arbitration proceedings under this Agreement.
- iii) The Micro, Small and Medium Enterprises Development (MSMED) Act, 2006 provides parties to a dispute (where one of the parties is a Micro or Small Enterprise) to be referred to Micro and Small Enterprises Facilitation Council if the dispute is regarding any amount due under Section 17 of the MSMED Act, 2006. If a Micro or Small Enterprise, being a party to dispute, refers to the provisions in MSMED Act 2006, these provisions shall prevail over this Agreement.

#### **3.2.2 Notice for Arbitration**

- i) **Authority to Appoint Arbitrator(s):** For this Arbitration Agreement 'The Appointing Authority', to appoint the arbitrator shall be Head of the Procuring Organisation named in the contract and includes if there be no such authority, the officer who is for the time being discharging the functions of that authority, whether in addition to other functions or otherwise.
- ii) In the events of any dispute as per GCC-clause 11.1, if the Adjudicator fails to decide within 60 days (as referred in 11.3 of GCC-clause), or the Conciliation is terminated then, parties to the contract, after 60 days but within 120 days of "Notice of Dispute" (clause 11.1 of GCC-clause) shall request the Appointing Authority through a "Notice for Arbitration" in writing requesting that the dispute or difference be referred to arbitration.
- iii) The "Notice for arbitration" shall specify the matters in question or subject of the dispute or difference indicating the relevant contractual clause, as well as the amount of claim item-wise.

#### **3.2.3 Reference to Arbitration**

After appointing Arbitrator(s), the Appointing Authority shall refer the Dispute to them. Only such dispute or difference shall be referred to arbitration regarding which

the demand has been made, together with counter-claims or set off. Other matters shall be beyond the jurisdiction of Arbitrator(s).

### **3.2.4 Appointment of Arbitrator:**

#### **i) Qualification of Arbitrators:**

- In the case of retired Officers of The procuring Organisation, he shall have retired in the rank of senior administrative grade (or equivalent) and shall have retired at least 1 years prior and must not be over 70 years of age on the date of Notice for arbitration.
- He/they shall not have had an opportunity to deal with the matters to which the contract relates or who, in the course of his/ their duties as officers of the Procuring Organisation, expressed views on any or all of the matters under dispute or differences. A certification to this effect (as per Format 1.4) shall be taken from Arbitrators. The proceedings of the Arbitral tribunal or the award made by such Tribunal shall, however, not be invalid merely for the reason that one or more arbitrators had in the course of his service, an opportunity to deal with the matters to which the contract relates or who in the course of his/their duties expressed views on all or any of the matters under dispute.
- An Arbitrator may be appointed notwithstanding the total no. of arbitration cases in which he has been appointed in the past.
- Not be other than the person appointed by The Appointing Authority and that if for any reason that is not possible, the matter shall not be referred to arbitration at all.

#### **ii) Replacement of Arbitrators:**

If one or more of the arbitrators appointed as above refuses to act as arbitrator, withdraws from his office as arbitrator, or in the event of the arbitrator dying, neglecting/unable or unwilling or refusing to act for any reason, or his award being set aside by the court for any reason, or in the opinion of the Appointing Authority fails to act without undue delay, the Appointing Authority shall appoint new arbitrator/arbitrators to act in his/their place in the same manner in which the earlier arbitrator/arbitrators had been appointed. Such a re-constituted Tribunal may, at its discretion, proceed with the reference from the stage at which it was left by the previous arbitrator(s).

#### **iii) Appointment of Arbitrator:**

- In cases where the total value of all claims in question added together does not exceed Rs. 50,00,000/- (Rupees Fifty Lakh only), the Arbitral Tribunal shall consist of sole Arbitrator. For this purpose, The Appointing Authority shall send to the contractor, within 60 days from the day of receipt of a written and valid notice for arbitration, a panel of at least four (4) names of retired Officers, duly indicating their retirement dates.
- The contractor shall be asked to nominate at least two names out of the panel for appointment as his nominee within 30 days from the dispatch date of the request by the Appointing Authority. The Appointing Authority shall appoint at least one out of them as the sole arbitrator within 30 days from the receipt of the names of the contractor's nominees.
- In cases where the total value of all claims in question added together exceeds Rs. 50,00,000/- (Rupees Fifty Lakh only), the Arbitral Tribunal shall consist of three (3) retired Officers of the Procuring Organisation. For this purpose, The Appointing Authority shall send a panel of at least four (4) names of such Officers(s) empanelled to work as Arbitrators duly indicating their retirement date to the contractor within 60 days from the day when a written and The Appointing Authority receives valid

claim for arbitration.

- d) The contractor shall be asked to nominate at least 2 names out of the panel for appointment as his nominee within 30 days from the dispatch date of the request by The Appointing Authority. The Appointing Authority shall appoint at least one out of them as the contractor's nominee. It shall also simultaneously appoint the balance number of arbitrators either from the panel or outside the panel, duly indicating the "Presiding Arbitrator" from amongst the 3 arbitrators so appointed, within 30 days from the receipt of the names of Contractor's nominees.
- e) If the contractor does not suggest his nominees for the arbitral tribunal within the prescribed timeframe, The Appointing Authority shall proceed for appointment of the arbitral tribunal within 30 days of the expiry of such time provided to the contractor.

### **3.2.5 Failure to appoint Arbitrators.**

If the Appointing Authority fails to appoint an arbitrator within 60 days (sixty) days, then subject to the survival of this Arbitration Agreement, in international commercial arbitration, the Supreme Court of India shall designate the arbitral institution for the appointment of arbitrators. In case of national arbitrations, the High Court shall designate arbitral institutions. The Arbitration Council of India must have graded these arbitration institutions. These arbitral institutions must complete the selection process within thirty days of accepting the request for the arbitrator's appointment.

### **3.2.6 The Arbitral Procedure**

- i) **Effective Date of Entering Reference:** The arbitral tribunal shall be deemed to have entered the reference on the date on which the arbitrator(s) have received notice of their appointment. All subsequent time limits shall be counted from such date.
- ii) **Seat and Venue of Arbitration:** The seat of arbitration shall be the place from which the letter of Award or the contract is issued. The venue of arbitration shall be the same as the seat of arbitration. However, in terms of section 20 of The arbitration Act, the arbitrator, at his discretion, may determine a venue other than the seat of the arbitration without in any way affecting the legal jurisdictional issues linked to the seat of the arbitration.
- iii) If the Adjudication and/or Conciliation mechanisms had not been exhausted before such reference to Arbitration, the Arbitrator should ask the aggrieved party to approach designated authority for such mechanisms before the Arbitration proceedings are started.
- iv) The claimant shall submit to the Arbitrator(s) with copies to the respondent his claims stating the facts supporting the claims along with all the relevant documents and the relief of remedy sought against each claim within 30 days from the date of appointment of the Arbitral Tribunal unless otherwise extension has been granted by Arbitral Tribunal.
- v) On receipt of such claims, the respondent shall submit its defence statement and counter claim(s), if any, within 60 days of receipt of the copy of claims, unless otherwise extension has been granted by Arbitral Tribunal.
- vi) No new claim shall be added during proceedings by either party. However, a party may amend or supplement the original claim or defence thereof during arbitration proceedings subject to acceptance by the Tribunal having due regard to the delay in

making it.

- vii) Statement of claims, counterclaims and defence shall be completed within six months from the effective reference date
- viii) **Oral arguments to be held on a day-to-day basis:** Oral arguments as far as possible shall be heard by the arbitral tribunal on a day-to-day basis, and no adjournments shall be granted without sufficient cause. The arbitrator(s) may impose an exemplary cost on the party seeking adjournment without sufficient cause
- ix) **Award within 12 (twelve) months:** The arbitral tribunal is statutorily bound to deliver an award within 12(twelve) months from the date when the arbitral tribunal enters reference. The award can be delayed by a maximum of six months only under exceptional circumstances where all parties consent to such extension of time. The court's approval shall be required for further extension if the award is not made *in time* within such an extended period. During the period of an application for extension of time is awaiting before the court, the arbitrator's proceedings shall continue until the disposal of the application.
- x) **Fast Track Procedure:** The parties to arbitration may choose to opt for a fast-track procedure either before or after the commencement of the arbitration. The award in fast-track arbitration is to be made out within six months, and the arbitral tribunal shall be entitled to additional fees. The salient feature of the fast-track arbitration are:
  - a) The dispute is to be decided based on written pleadings only.
  - b) Arbitral Tribunal shall have the power to call for clarifications in addition to the written pleadings where it deems necessary
  - c) An oral hearing may be held only if the entire parties request or the arbitral tribunal considers it necessary.
  - d) The parties are free to decide the fees of the arbitrator(s) for fast-track procedure.
- xi) **Powers of Arbitral Tribunal to grant Interim Relief:** The parties to arbitration may approach the arbitral tribunal for seeking interim relief on the grounds available under section 9 of the act. The tribunal has the powers of a court while making interim awards in the proceedings before it.
- xii) **Confidentiality:** As provided in Section 42A of The Arbitration Act, all the details and particulars of the arbitration proceedings shall be kept confidential, except in certain situations like if the disclosure is necessary for the implementation or execution of the arbitral award.
- xiii) **Obligation During Pendency of Arbitration:** Performance of the contract shall, unless otherwise directed by the Procuring Entity, continue during the arbitration proceedings, and no payment due or payable by the Procuring Entity shall be withheld on account of such proceedings, provided however, it shall be open for Arbitral Tribunal to consider and decide whether or not the performance of the contract or payment therein should continue during arbitration proceedings.

### 3.2.7 The Arbitral Award

- i) In the case of the Tribunal comprising of three members, any ruling on award shall be made by a majority of members of the Tribunal. In the absence of such a majority, the view of the Presiding Arbitrator shall prevail.
- ii) The arbitral award shall state item-wise the sum and reasons upon which it is based. The analysis and reason shall be detailed enough so that the award can be inferred from it.
- iii) It is further a term of this arbitration agreement that where the arbitral award is for the payment of money, no interest shall be payable on whole or any part of the money for

any period till the date on which the award is made in terms of Section 31(7) (a) of The Arbitration Act.

- iv) The award of the arbitrator shall be final and binding on the parties to this contract.
- v) A party may apply for corrections of any computational errors, typographical or clerical errors, or any other error of similar nature occurring in the award or interpretation of a specific point of the award to the Tribunal within 60 days of receipt of the award.
- vi) A party may apply to the Tribunal within 60 days of receiving the award to make an additional award as to claims presented in the arbitral proceedings but omitted from the arbitral award.

### **3.2.8 Savings**

The Arbitral Tribunal shall decide any matter related to Arbitration not covered under this Arbitration Agreement as per the provisions of The Arbitration Act.

### **3.2.9 Cost of Arbitration and fees of the Arbitrator(s)**

- i) The concerned parties shall bear the cost of arbitration in items of section 31 (A) of The Arbitration Act. The cost shall inter-alia include fees of the Arbitrator. Further, the fees payable to the Arbitrator shall be governed by instructions issued on the subject by the Procuring Entity and/ or the Government from time to time, in line with the Arbitration and Conciliation Act, irrespective of the fact whether the Arbitrator is appointed by the Procuring Entity or the Government under this clause or by any court of law unless directed explicitly by Hon'ble court otherwise on the matter. A sole arbitrator shall be entitled to a 25% extra fee over such a prescribed fee.
- ii) The arbitrator shall be entitled to a 50 percent extra fee if the award is made within 6 months in terms of provisions contained in section 29 (A) (2) of the Arbitration Act.
- iii) Besides the above, Arbitrator shall also be entitled to this extra fee in cases where Fast Track Procedure in terms of section 29 (B) of The Arbitration Act is followed.

### **3.2.10 In case vendor is CPSEs/ CPSUs, the following Arbitration clause as per DPE (M) dated 22/05/2018 will apply:-**

*"In the event of any dispute or difference relating to the interpretation and application of the provisions of commercial contract(s) between Central Public Sector Enterprises (CPSEs)/Port Trusts, inter se and also between CPSEs and Government Department/ Organizations (including disputes concerning Railways, Income Tax, Customs & Excise Departments) such dispute or difference shall be taken up by either party for resolution through AMRCD as mentioned in DPE (M) No. 4112913-DPE (GM)/ITS-1833 dated 22/05/2018".*

## **6. GUARANTEE/WARRANTY:-**

### **6.1 Guaranty/warranty will start from the date of final acceptance of project after completion of successful final acceptance of project by BSF. Firm has to provide the following documents -**

- (a) Bid specific authorization letter from all OEM or BSNL/MTNL, Telecommunications Consultants India Limited (TCIL), Indian Telephone Industries Limited (ITI), Bharat Electronics Limited (BEL) Electronics Corporation of India Limited (ECIL), RailTel Corporation of India Limited, Power Grid Corporation of India Limited (PGCIL), Engineering Project (India) Ltd to participate in bid mentioning the support of minimum 07 years (02 years of OEM or their warranty).
- (b) OEM letter confirming Products quoted are not end-of-life for the further period of 7 years from the date of Final Acceptance. In case, any equipment of the network gets defective and could not repaired due to obsolescence of the product, the equipment will be replaced by other equivalent equipment or upgraded equipment of same OEM. In case, the up gradation of any particular component leads to requirement of up gradation of other component of the network, it will be done by firm without any

additional cost to BSF.

- (c) Firm should ensure to keep adequate spare equipment's of same Make & Model as installed in the network in order to keep the network serviceable 24X7.

#### **7. PRICE:**

The Price quoted shall be on firm and fixed basis subject to no variation whatsoever during the currency of the contract.

#### **8. PATENT AND OTHER INDUSTRIAL/ INTELLECTUAL PROPERTY RIGHT**

The prices quoted in the present tender shall be deemed to include all amounts payable for the use of patents, copyright, registration charges, trademarks and payment for any other industrial property/rights. The tender shall identify the Purchaser against all claims from a third party at any time on account of infringement of any or all the rights mentioned in the previous paragraphs, whether such claims arise in respect of manufacture or the use. The Bidder shall be responsible for the completion of the supplied, irrespective of the fact of infringement of any or all the rights mentioned above.

#### **9. TRANSFER AND SUB-LETTING**

The Bidder has no right to give, bargain, sell, assign or sublet or otherwise dispose of the resultant contract or any part thereof as well as to give or to let a third party take benefit of advantage of the resultant contact or any part thereof.

#### **10. PENALTY FOR USE OF UNDUE INFLUENCE:-**

*10.1. The seller should undertake that he has not given, offered or promised to give directly or indirectly any gift, consideration, reward, commission, fees brokerage or inducement to any person in service of the Purchaser or otherwise in Procuring, the Contract or Forbearing to do or for having done or forbear to do any act in relation or execution of the Contract or any other Contract with the Government for showing or forbearing to show favour or disfavor to any person in relation to the Contract or any other Contract with the Government. Any breach of the aforesaid undertaking by the seller or any one employed by him or acting on his behalf (whether with or without the knowledge of the seller) or the commission of any offers by the seller or any one employed or acting on his behalf, as defined in Chapter IX of the Indian Penal Code, 1860 or the Prevention of Corruption Act, 1947 or any other Act enacted for the prevention of corruption shall entitle the Purchase to cancel the contract and all or any other Contract with the Seller and recover from the Seller the amount of any loss arising from such cancellation. A decision of the Purchaser or his nominee to the effect that a breach of the undertaking had been committed shall be final and binding on the seller. Giving or offering of any gift, bribe or inducement or any attempt at any such act on behalf of the seller towards any officer/employee of the Purchaser or to any other person in a position to influence any officer/employee of the Purchaser for showing any favor in relation to this or any other contract, shall render.*

#### **11. SPECIAL CONDITIONS:**

##### **11.1 Fall Clause**

- 11.1.1 The Bidder undertakes that he has not supplied/ is not supplying the similar systems or subsystems at a price lower than that offered in the present bid in respect of any other Ministry/Department of the Government of India and if it is found at any stage that the similar system or sub-system was supplied by the Bidder to any other Ministry/Department of the Government of India at a lower price, then that very price with due allowance for elapsed time will be applicable to the present case and the difference in the cost would be refunded by the Bidder to the Buyer, if the contract has already been concluded.

11.1.2 The seller should undertake that he has not given, offered or promised to give directly or indirectly any gift, consideration, reward, commission, fees brokerage or inducement to any person in service of the Purchaser or otherwise in Procuring, the Contract or Forbearing top do or for having done or forbore to do any act in relation or execution of the Contract or any other Contract with the Government for showing or forbearing to show favour or disfavour to any person in relation to the Contract or any other Contract with the Government. Any breach of the aforesaid undertaking by the seller or any one employed by him or acting on his behalf (whether with or without the knowledge of the seller) or the commission of any offence by the seller or any one employed or acting on his behalf as defined in Chapter IX of the Indian Penal Code, 1860 or the Prevention of Corruption Act, 1947 or any other Act enacted for the prevention of corruption shall entitle the Purchase to cancel the contract and all or any other Contract with the Seller and recover from the Seller the amount of any loss arising from such cancellation. A decision of the Purchaser or his nominee to the effect that a breach of the undertaking had been committed shall be final and binding on the seller. Giving or offering of any gift, bribe or inducement or any attempt at any such act on behalf of the seller towards any officer/employee of the Purchaser or to any other person in a position to influence any officer/employee of the Purchaser for showing any favour in relation to this or any other contract, shall render.

#### **11.2 RISK PURCHASE CLAUSE**

- 11.2.1 In the event of failure of supplier to deliver or dispatch the stores or provide the required services within the stipulated dates/period of the supply order /AT, or in the event of breach of any of the terms and condition of the AT, the purchaser will have the right to purchase the subject store elsewhere at the risk and cost of defaulting supplier after giving a notice to defaulting supplier. The cost as per Risk Purchase exercise may be recovered from the bills pending with the supplier even against any other supplies outside this contract or even from the pending bills with any other Govt. Department/Ministry.
- 11.2.2 In the event of contract being cancelled for any breach committed and the purchaser effecting re-purchase of the subject store at the risk and cost of contractor, the purchaser is not bound to accept the lower offer of Benami or allied sister concern of the firm.
- 11.3 Any information furnished by the bidder in support of their eligibility of tender conditions, past performance, and all other relevant to the tender found fake, incorrect or fraudulent, then the bidder will be liable for taking action, cancellation of contract and further Debarment from BSF as well as other Central Government Department's tender and other legal recourse thereof.
- 11.4 All bidders are liable to field their equipment for trial within given date & time at a desired place. Failing which EMD of the bidder shall be liable to be forfeited without any further notice. Failing which action will taken against the bidder as per Para 11.3 of Chapter-VII.
- 12. In case of any defect in supply or manufacturing or not conforming to technical specifications, observed during survey at consignee location or later during the warranty period, the Bidder will be liable to replace the defective store at their cost.

**13. LAWS GOVERNING THE CONTRACT**

The contract shall be governed by the laws of India for the time being in force. The contract shall be interpreted in accordance with these laws.

**14. JURISDICTION OF COURT:**

The Court of the New Delhi shall alone have a jurisdiction to decide any dispute arising out of or in respect of the contract. In the case of dispute or difference arising between the purchaser and the supplier relating to any matter arising out of or connected with the contract, such dispute or difference shall be settled in accordance with the Indian Arbitration and Conciliation Act, 1996. Arbitration Proceedings shall be held at New Delhi, India and the language of the arbitration Proceedings and that of all documents and communications between the parties shall be English.

**15. Bulk supplies** in the case of successful Bidder should conform to tender samples accepted in trial evaluation in all respect besides specifications mentioned in Chapter-VI.

**16. Any change in Address/Telephone/e-mail** should be immediately informed. The state of non-communication by the firm will make the offer liable for rejection.

**17. GOVT. REGULATIONS**

It shall also be confirmed that there are no Govt. restrictions or limitation in the country of the supplier or countries from which sub-components are being procured and/or for the export of any part of the system being supplied. Suppliers/Contractors shall provide a certificate to this effect.

**18. For any change in terms and condition of tender/tender specifications,** the Bidders are requested to visit CPP e-Procurement site <https://eprocure.gov.in/eprocum/app> regularly.

**19. Any query/Representation** be addressed to Commandant (Proc), Proc Cell, Provisioning Directorate, HQ DG BSF, 7<sup>th</sup> floor, Block-10, CGO Complex, Lohia Road, New Delhi. E-mail- [comdtproc@bsf.nic.in](mailto:comdtproc@bsf.nic.in).

### PRE-CONTRACT INTEGRITY PACT

#### GENERAL

This pre-bid pre-contract Agreement (hereinafter called the Integrity Pact) is made on \_\_\_\_\_ day of the month of \_\_\_\_\_ 20\_\_\_\_ between, on one hand, the President of India acting through Shri \_\_\_\_\_ Designation of the officer, Ministry \_\_\_\_\_ Department, Government of India (hereinafter called the "BUYER" which expression shall mean and include, unless the context otherwise requires, his successors in office and assigns) of the First Part and M/s \_\_\_\_\_ represented by Shri \_\_\_\_\_ Chief Executive Officer (hereinafter called the "BIDDER/Seller" which expression shall mean and include, unless the context otherwise requires, his successors and permitted assigns) of the Second Part.

WHEREAS the BUYER proposes to Implementation of a Turnkey Project for providing Voice and Data Network over OFC with futuristic plan for Integration of Surveillance Equipments on 08 Nos IB Deployed Units Under FTR HQ Jammu and the BIDDER/Seller is willing to offer/has offered the stores and

WHEREAS the BIDDER is a private company/public company/Government undertaking/partnership/registered export agency, constituted in accordance with the relevant law in the matter and the BUYER is a Ministry/Department of the Government of India/PSU performing its functions on behalf of the President of India.

#### NOW, THEREFORE

To avoid all forms of corruption by following a system that is fair, transparent and free from any influence/prejudiced dealings prior to, during and subsequent to the currency of the contract to be entered into with a view to:-

Enabling the BUYER to obtain the desired said stores/equipment at a competitive price in conformity with the defined specifications by avoiding the high cost and the distortionary impact of corruption on public procurement, and

Enabling BIDDERs to abstain from bribing or indulging in any corrupt practice in order to secure the contract by providing assurance to them that their competitors will also abstain from bribing and other corrupt practices and the BUYER will commit to prevent corruption, in any form, by its officials by following transparent procedures.

The parties hereto hereby agree to enter into this Integrity Pact and agree as follows:-

#### Commitments of the Buyer

1.1 The Buyer undertakes that no official of the BUYER, connected directly or indirectly with the contract, will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favour or any material or immaterial benefit or any other advantage from the BIDDER, either for themselves or for any person, organization or third party related to the contract in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the contract.

1.2 The BUYER will, during the pre-contract stage, treat all BIDDERs alike and will provide to all BIDDERs the same information and will not provide any such information to

any particular BIDDER which could afford an advantage to that particular BIDDER in comparison to other BIDDERS.

1.3 All the officials of the BUYER will report to the appropriate Government office any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.

2. In case any such preceding misconduct on the part of such official(s) is reported by the BIDDER to the BUYER with full and verifiable facts and the same is *prima facie* found to be correct by the BUYER, necessary disciplinary proceedings, or any other action as deemed fit including criminal proceedings may be initiated by the BUYER and such a person shall be debarred from further dealings related to the contract process. In such a case while an enquiry is being conducted by the BUYER the proceedings under the contract would not be stalled.

#### COMMITMENTS OF BIDDERS

3. The BIDDER commits itself to take all measures necessary to prevent corrupt practices unfair means and illegal activities during any stage of its bid or during any pre-contract or post-contract stage in order to secure the contract or in furtherance to secure it and in particular commit itself to the following :-

3.1 The BIDDER will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the BUYER, connected directly or indirectly with the bidding process or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.

3.2 The BIDDER further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the BUYER or otherwise in procuring the Contract or forbearing to do or having done any act in relation to the obtaining or execution of the contract or any other contract with the Government for showing or forbearing to show favour or disfavor to any person in relation to the contract or any other contract with the Government.

3.3\* BIDDERs shall disclose the name and address of agents and representatives and Indian BIDDERs shall disclose their foreign principals or associates.

3.4\* BIDDERs shall disclose the payments to be made by them to agents/brokers or any other intermediary, in connection with this bid/contract.

3.5\* The BIDDER further confirms and declares to the BUYER that the BIDDER is the OEM or authorized dealer / agent / distributor of the stores and has not engaged any individual or firm or company whether Indian or foreign to intercede, facilitate or in any way to recommend to the BUYER or any of its functionaries, whether officially or unofficially to the award of the contract to the BIDDER, nor has any amount been paid, promised or intended to be paid to any such individual, firm or company in respect of any such intercession, facilitation or recommendation.

3.6 The BIDDER, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the BUYER or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.

3.7 The BIDDER will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.

3.8 The BIDDER will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.

3.9 The BIDDER shall not use improperly, for purpose of competition or personal gain, or pass on to others, any information provided by the BUYER as part of the business relationship, regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The BIDDER also undertakes to exercise due and adequate care lest any such information is divulged.

3.10 The BIDDER commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.

3.11 The BIDDER shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.

3.12 If the BIDDER or any employee of the BIDDER or any person acting on behalf of the BIDDER, either directly or indirectly, is a relative of any of the officers of the BUYER, or alternatively, if any relative of an officer of the BUYER has financial interest/stake in the BIDDER's firm, the same shall be disclosed by the BIDDER at the time of filing of tender.

The term 'relative' for this purpose would be as defined in Section 5 of the Companies Act 1956.

3.13 The BIDDER shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any employee of the BUYER.

#### **4. Previous Transgression**

4.1 The BIDDER declares that no previous transgression occurred in the last three years immediately before signing of this Integrity Pact, with any other company in any country in respect of any corrupt practices envisaged hereunder or with any Public Sector Enterprise in India or any Government Department in India that could justify BIDDER's exclusion from the tender process.

4.2 The BIDDER agrees that if it makes incorrect statement on this subject, BIDDER can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

#### **5. Bid Securing Declaration and PSD**

5.1 While submitting commercial bid, the BIDDER shall submit Bid Securing Declaration in the Company/Firm's letter head and Performance Security Deposit @ 5% of the contract/order value within 14 days of award of contract with the BUYER in the shape of Account Payee Demand Draft, Fixed Deposit Receipt from a Commercial bank, Bank Guarantee from a Commercial bank or online payment in an acceptable form safeguarding the purchaser's interest in all respects.

5.2 The Performance Security Deposit shall be valid up to 60 days after the expiry of the Guarantor's Warranty period or the complete conclusion of the contractual

obligations to the complete satisfaction of both the BIDDER and the BUYER, including warranty period whichever is later.

- 5.3 In case of the successful BIDDER, Provisions of Sanctions for Violation shall be applicable for forfeiture of Performance Bond in case of a decision by the BUYER to forfeit the same without assigning any reason for imposing sanction for violation of this pact.
- 5.4 No interest shall be payable by the BUYER to the BIDDER on Security Deposit for the period of currency.

## **6 Sanctions for Violations**

6.1 Any breach of the aforesaid provisions by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER) shall entitle the BUYER to take all or any one of the following actions, wherever required:-

- (i) To immediately call off the pre contract negotiations without assigning any reason or giving any compensation to the BIDDER. However, the proceedings with the other BIDDER(s) would continue.
- (ii) The Security Deposit / Performance Bond (after the contract is signed) shall stand forfeited either fully or partially, as decided by the BUYER and the BUYER shall not be required to assign any reason thereof.
- (iii) To immediately cancel the contract, if already signed, without giving any compensation to the BIDDER.
- (iv) To recover all sums already paid by the BUYER, and in case of an Indian BIDDER with interest thereon at 2% higher than the prevailing Prime Lending Rate of State Bank of India, while in case of a BIDDER from a country other than India with interest thereon at 2% higher than the LIBOR. If any outstanding payment is due to the BIDDER from the BUYER in connection with any other contract for any other stores, such outstanding payment could also be utilized to recover the aforesaid sum and interest.
- (v) To encash the advance bank guarantee and performance bond / warranty bond, if furnished by the BIDDER, in order to recover the payments, already made by the BUYER, along with interest.
- (vi) To cancel all or any other Contracts with the BIDDER; The BIDDER shall be liable to pay compensation for any loss or damage to the BUYER resulting from such cancellation / rescission and the BUYER shall be entitled to deduct the amount so payable from the money(s) due to the BIDDER.
- (vii) To debar the BIDDER from participating in future bidding processes of the Government of India for a minimum period of five years, which may be further extended at the discretion of the BUYER.
- (viii) To recover all sums paid in violation of this Pact by BIDDER(s) to any middleman or agent or broker with a view to securing the contract.

(ix) In cases where irrevocable Letters of Credit have been received in respect of any contract signed by the BUYER with the BIDDER, the same shall not be opened.

(x) Forfeiture of Performance Bond in case of a decision by the BUYER to forfeit the same without assigning any reason for imposing sanction for violation of this Pact.

**6.2** The BUYER will be entitled to take all or any of the actions mentioned at Para 6.1 (i) to (x) of this Pact also on the Commission by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER), of an offence as defined in Chapter IX of the Indian Penal Code, 1860 or Prevention of Corruption Act, 1988 or any other statute enacted for prevention of corruption.

**6.3** The decision of the BUYER to the effect that a breach of the provisions of this Pact has been committed by the BIDDER shall be final and conclusive on the BIDDER. However, the BIDDER can approach the Independent Monitor(s) appointed for the purpose of this Pact.

## **7. Fair Clause**

**7.1** The BIDDER undertakes that it has not supplied / is not supplying similar product / systems or subsystems at a price lower than that offered in the present bid in respect of any other Ministry / Department of the Government of India or PSU and if it is found at any stage that similar product / systems or sub systems was supplied by the BIDDER to any other Ministry / Department of the Government of India or a PSU at a lower price, then that very price, with due allowance for elapsed time, will be applicable to the present case and the difference in the cost would be refunded by the BIDDER to the BUYER, if the contract has already been concluded.

## **8. Independent Monitors**

**8.1** The BUYER has appointed Independent Monitors (hereinafter referred to as Monitors) for this Pact in consultation with the Central Vigilance Commission. Names and Addresses of the Monitors is as under -

Name	.....
Address	.....
Mobile	.....
Telephone	.....
E-Mail	.....

- 8.2** The task of the Monitors shall be to review independently and objectively, whether and to what extent the parties comply with the obligations under this Pact.
- 8.3** The Monitors shall not be subject to instructions by the representatives of the parties and perform their functions neutrally and independently.
- 8.4** Both the parties accept that the Monitors have the right to access all the documents relating to the project / procurement, including minutes of meetings

- 8.5 As soon as the Monitor notices, or has reason to believe, a violation of this Pact, he will so inform the Authority designated by the BUYER.
- 8.6 The BIDDER(s) accepts that the Monitor has the right to access without restriction to all Project documentation of the BUYER including that provided by the BIDDER. The BIDDER will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor shall be under contractual obligation to treat the information and documents of the BIDDER / Subcontractor(s) with confidentiality.
- 8.7 The BUYER will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the parties. The parties will offer to the Monitor the option to participate in such meetings.
- 8.8 The Monitor will submit a written report to the designated Authority of BUYER - Secretary in the Department / within 8 to 10 weeks from the date of reference or intimation to him by the BUYER / BIDDER and, should the occasion arise, submit proposals for correcting problematic situations.

#### **9. Facilitation of Investigation**

In case of any allegation of violation of any provisions of this Pact or payment of commission, the BUYER or its agencies shall be entitled to examine all the documents including the Books of Accounts of the BIDDER and the BIDDER shall provide necessary information and documents in English and shall extend all possible help for the purpose of such examination.

#### **10. Law and Place of Jurisdiction**

This Pact is subject to Indian Law. The place of performance and jurisdiction is the seat of the BUYER.

#### **11. Other Legal Actions**

The actions stipulated in this Integrity Pact are without prejudice to any other legal action that may follow in accordance with the provisions of the extant law in force relating to any civil or criminal proceedings.

#### **12. Validity**

12.1 The validity of this Integrity Pact shall be from date of its signing and extend upto 5 years or the complete execution of the contract to the satisfaction of both the BUYER and the BIDDER / Seller, including warranty period, whichever is later. In case BIDDER is unsuccessful, this Integrity Pact shall expire after six months from the date of the signing of the contract.

12.2 Should one or several provisions of this Pact turn out to be invalid, the remainder of this Pact shall remain valid. In this case, the parties will strive to come to an agreement to their original intentions.

The parties hereby sign this Integrity Pact at \_\_\_\_\_ on \_\_\_\_\_

## NON-DISCLOSURE AGREEMENT

(To be signed by Recipients/ SIs before obtaining Tender documents)

(Refer: Tender Enquiry No. \_\_\_\_\_ dated \_\_\_\_\_)

[The Non-disclosure Agreement needs to be signed by a person duly authorised by the Recipient/ SI. A copy of the authorisation by the Recipient/ SI (copy of Board Resolution or Power of Attorney) should be provided along with the Non-Disclosure Agreement.]

**[Non-Disclosure Agreement to be submitted on duly notarized stamp paper of Rs. 100]**

This AGREEMENT (hereinafter called "Agreement") is made on the \_\_\_\_\_ day of the month of \_\_\_\_\_, 2025; between, President of India through Commandant (Procurement), BSF, Block-10, BSF HQ, CGO Complex, Lodhi road, New Delhi- 110003; on the one hand, (hereinafter called the "Disclosing Party/ Purchaser") and, on the other hand, [\_\_\_\_\_  
Name of the Recipient] (hereinafter called the "Recipient"/ "SI") having its registered office at [\_\_\_\_\_  
Address].

**WHEREAS**

1. The Disclosing Party/ Purchaser has issued a public notice inviting various organizations for "Implementation of a Turnkey Project for providing voice and Data Network over OFC with futuristic plan for Integration of Surveillance Equipments on 08 Nos IB Deployed Units Under FTR HQ Jammu." (hereinafter called the "Project") of the Disclosing Party/ Purchaser;
2. The Recipient/ SI having represented to the "Disclosing Party"/ "Purchaser" that it is interested to bid for the proposed Project;

The Disclosing Party/ Purchaser and the Recipient/ SI agree as follows:

1. In connection with the "Project", the Disclosing Party/ Purchaser agrees to provide to the Recipient/ SI a Document related to Turnkey Jammu Project vide the request for Proposal contains details and information of the Purchaser operations that are considered confidential.
2. The Agreement shall apply to all information relating to the project disclosed by the Disclosing Party/ Purchaser to the Recipient/ SI under this Agreement.
3. This Agreement shall benefit and be binding upon the Disclosing Party/ Purchaser and the Recipient/ SI and their respective subsidiaries, affiliates, successors and assigns.
4. The Recipient/ SI to whom this information is disclosed shall:
  - a) Hold such information in confidence with the same degree of care with which the Recipient/ SI protects its own confidential and proprietary information.
  - b) Restrict disclosure of the information solely to its employees, agents and contractors with a need to know such information and advise those persons of their obligations hereunder with respect of such information;
  - c) Use the information only as needed for the purpose of bidding for the Project;

- d) Except for the purpose of bidding for the project, the Recipient/ SI shall not copy or otherwise duplicate such information or knowingly allow anyone else to copy or otherwise duplicate such information, and
  - e) Undertake to document the number of copies it makes on completion of the bidding process and in case unsuccessful, promptly return to the Disclosing Party/ Purchaser, all information in a tangible form or certify to the Disclosing Party/ Purchaser that it has destroyed such information.
5. **Third Party Information:** Recipient/ SI shall not communicate any information, in violation of the proprietary rights, to any third party.
6. **Return of Materials:** Any materials or documents of Disclosing Party/ Purchaser which are furnished to Recipient/ SI, and all copies thereof, at the earlier of Disclosing Party's request for return of the materials, or the termination of the business relationship between the Disclosing Party and Recipient, at the disclosing Party's/ Purchaser's Option, will either be promptly returned to the Disclosing Party/ Purchaser.
7. **No License:** The confidential information shall remain the sole property of the Disclosing Party/ Purchaser. No license is granted to Recipient/ SI under any patents, copyrights, mask work rights or other proprietary rights by the disclosure of any information hereunder, nor is any warrant made as to such information.
8. **Remedies:** Recipient/ SI understands and agrees that the disclosing party/ purchaser is providing the Confidential Information to Recipient in reliance upon this Agreement, and Recipient/ SI will be fully responsible to the Disclosing Party/ Purchaser for any damages or harm caused to the Disclosing Party/ Purchaser by a breach of this Agreement by Recipient/ SI or any of its officers, directors, employees or consultants. Recipient acknowledges and agrees that a breach of any of its promises or agreements contained herein will result in irreparable injury to the Disclosing Party/ Purchaser for which there will be no adequate remedy at law, and the Disclosing Party/ Purchaser shall be entitled to apply for equitable relief, including injunction and specific performance. In the event of any breach or threatened breach or intended breach of this Agreement by Recipient/ SI, such remedies, however, shall not be deemed to be the exclusive remedies for any breach of the Agreement but shall be in addition to all other remedies available at law or in equity.
9. **Termination & Survival:** This Agreement will become effective as of the date first mentioned herein above and will continue to be in force till the completion of Bid thereafter. Recipient's/ SIs obligations under this Agreement with respect to Confidential Information it has received shall continue for a period of two(2) years after such disclosure.
10. **Attorneys' Fees, Jurisdiction/ Venue:** In the event of any litigation or other legal proceedings between the parties, the prevailing party shall be entitled to reasonable attorneys' fees and all costs of proceedings incurred in enforcing this agreement. The courts in New Delhi, India shall have exclusive jurisdiction to try and dispose of any proceedings arising out of this Agreement. The laws of the Union of India shall govern the validity, interpretation and performance of this Agreement.

**11. General:** This Agreement sets forth the entire understanding and agreement of the parties with respect to the subject matter hereof and supersedes all other oral or written representations and understandings. This Agreement may be amended or modified only in writing signed by authorized representatives of the parties thereto.
